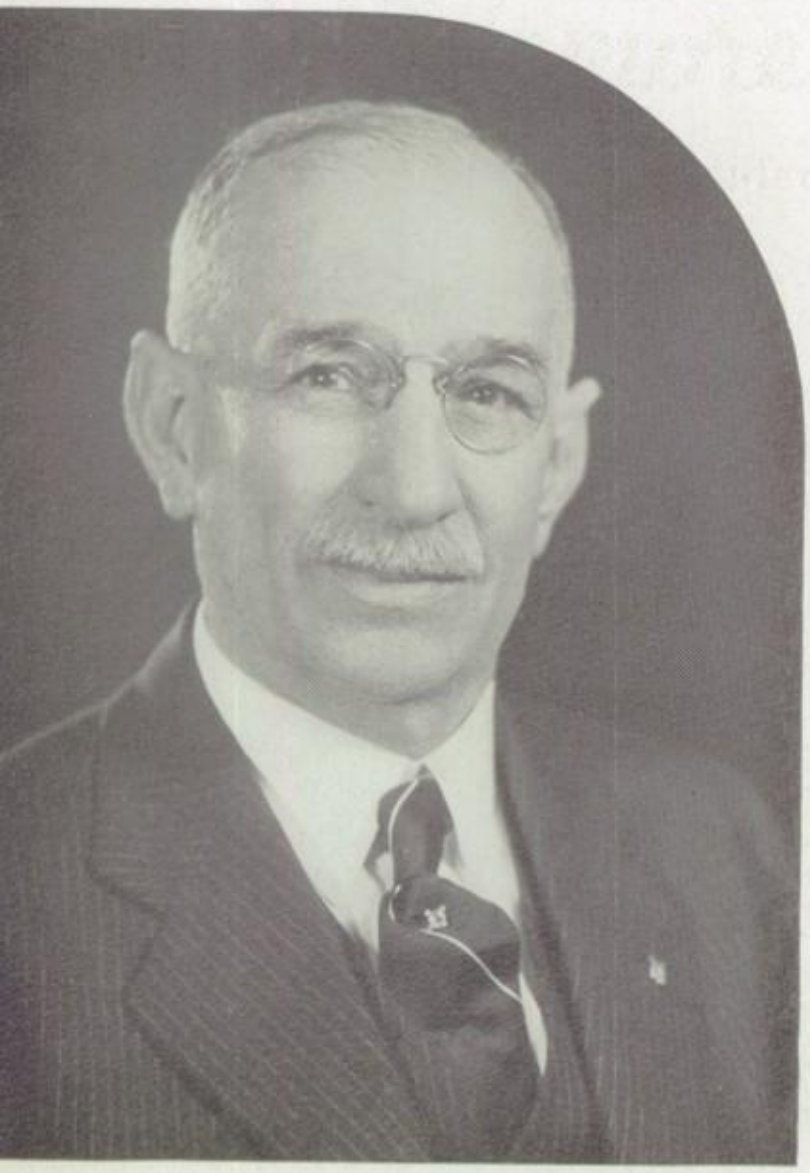
Foreword

IN gathering the material for the Record Book, we have included many new ideas, but the traditions of Northeast have been maintained. We have attempted to bring true glimpses of the activities in which you participated and the friends you made during your stay at this school. It is our most sincere desire that now and for many years to come this book will bring back the golden moments spent at Northeast.



MR. JOHN K. WILDEMORE
Class Adviser

Dedication

THIS BOOK, which was compiled by the students of the Class of January 1937, is dedicated to Mr. John K. Wildemore, who has borne the burdens of our class earnestly and sincerely and has enjoyed the pleasantries of our group association.

DR. THEODORE S. ROWLAND

Principal

Dr. Rowland's Message

My friends, the Class of January, 1937:

"I am a graduate of the Northeast High School!" These words have been spoken and written with pride by thousands of men entering college, entering industry, seeking promotion. You have every right to be proud of the school of which you are a graduate. It is rich in history and in traditions. Its graduates have done and are doing their full share of the world's work.

I hope and believe that your interest in your school and your loyalty to Northeast may grow with the years.

Northeast is a part of your life and you are a part of Northeast history.

May you find work to do and the joy and happiness of doing it well.

Sincerely,

THEODORE S. ROWLAND.

Mr. Wildemore's Message

To the Members of the Class of January, 1937:

Tonight, Commencement, marks the end of another phase of your lives, a phase that has been devoted to further preparation for that part which each of you is destined to play in life. You have received training, both physical and mental, you have made friends, and you have increased your field of vision.

Some of you will have the advantage of additional preparation, others of you will immediately seek your place in your chosen field of endeavor. A few of you will achieve great financial success, others will render notable service to humanity. Many will fill the vast number of less prominent but vitally important positions.

Remember, that no matter how trivial or routine-like your work may seem, it is indispensable in world affairs and should be done with great thoroughness. Little problems correctly solved eliminate many large problems.

Above all be tolerant and humble. A great man realizes his limitations, respects others' opinions, and learns through others' experiences. We are living in a troubled world, a world that requires great men and some of you are capable of greatness.

Go forth, give your best in everything you do, and you need apologize to no one.

Sincerely,

JOHN K WILDEMORE.

IT HAS BEEN a pleasure to have had a share in the work of the January 1937 Class "Archive" Committee. The Class ought to be proud of the fellows in that group. They worked hard to make it a Class Record of which the school could be proud. They have a fine spirit, the kind of thing that we older Northeasters like. I wish the very best of luck to every fellow in the Class.

VINCENT B. BRECHT.

To Mr. Brecht

THE EDITORIAL STAFF of the January '37 "Archive" desires to pay a sincere tribute to Mr. Vincent B. Brecht for his many friendly bits of advice and keen interest. On innumerable occasions the Staff has been aided and encouraged by his discerning sympathy. Therefore, the editors gratefully acknowledge the profound obligation of the "Archive" to Mr. Brecht for his invaluable services.

The New School

THE NEW BUILDING is to be almost exclusively for the Industrial students. Even if we do not suffer a serious loss from those students who know what the new building will be like in its improvements over the old in both room and facilities, I know there will be some who wish that they were of the Class of 1938 instead of 1937, for then the new quarters are expected to be complete.

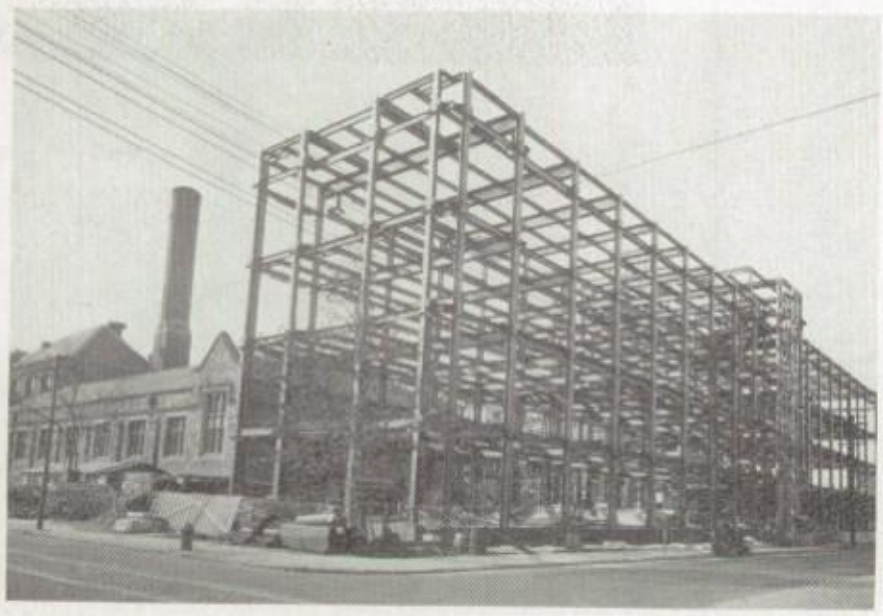
The total number of rooms for the Mechanical Arts classes will be fifteen. They will include four each of electric, auto and wood shops, two machine shops, and one mechanical laboratory for those majoring in mechanical construction. These rooms will be placed on a level with the old building (four stories) and will be at least thirty by sixty feet in size. The new equipment will cost thousands of dollars and will help make Northeast the best equipped school in Philadelphia.

There will be an elevator to run from the basement to the roof. In the fourth floor there will be the soundproof music room where Music Teachers Duffield and Washco will preside. Their present domicile will be converted into a library to be named, in honor of our principal, Rowland Hall. In each of the new rooms there will be a clock. (Were these not there we could still have Joe Faraghan announce the time every half hour from the public address system centralized in the main office.) In addition to this there will be telephones installed in the new rooms and those in the old rooms fixed so that one will no longer receive calls from mysterious strangers who appear to hang up when the receivers are lifted.

The old bicycle room or inner courtyard, is being converted into a modern lunch-room to be used in conjunction with the old one. A specially-constructed bicycle room has replaced the small lunch-room and has its entrance and bicycle ramp on the Eighth Street side of the building.

Best of all, they won't have to change the words of the school song, for the new building will also be faced with granite.

All corridors throughout the building will have a glazed tile wainscoting such as is found in many junior high schools. It will be strictly fireproof, with hollow tile partitions throughout. The main structure is to be the Somerset wing which is to have a wire enclosed roof playground.



THE NEW
NORTHEAST
IN THE MAKING

History of Northeast

IN SEPTEMBER, 1890, students representing the overflow of students from the Central Manual Training School, were cared for on the first and third floors of the William A. Lee primary school, on Howard Street, below Girard Avenue.

When the next semester began in September, 1891, shop equipment was installed on the first floor of the school. In the same month, Mr. J. W. Moyer was placed in charge of the annex. In the following September, Northeast became a separate institution with Dr. C. Hanford Henderson as Principal.

After Dr. Henderson's Principalship that office was filled by Prof. J. Monroe Willard, who was succeeded by Dr. Andrew J. Morrison.

Later an addition, which housed shops and laboratories, was built. In a short time even two annexes were not sufficient to accommodate the great numbers clamoring for entrance, and the present structure was built in 1905. The cornerstone of the present building was laid on January 8, 1905, by Mayor Weaver, in the presence of a large audience, including the entire student body.

The building was dedicated on November 14, 1905, by Woodrow Wilson, at that time President of Princeton University. Dr. Andrew Morrison was principal at the time, and he held his post until his death in 1920. The present auditorium, Morrison Hall, was dedicated to him in the following year. The gymnasium, Shallcross Hall, was dedicated in the same year, in memory of Thomas Shallcross, who had been chairman of the Northeast High School Committee of the Board of Education.

Upon the death of Dr. Morrison, Dr. George F. Stradling became Principal. After faithfully serving Northeast for forty-one years Dr. Stradling quietly passed away on January 24, 1932. His successor was Dr. Theodore S. Rowland.

In the fall of 1890, the faculty consisted of six men, of whom the last survivor was Professor George D. Firmin, who retired in June, 1936.

Shortly after moving to the present building, the faculty and student body raised a large sum of money with which they purchased a pipe organ. Later a larger one was purchased and placed in Morrison Hall, but this was destroyed in a disastrous fire in 1935, and since then an excellent modern organ has been installed. Northeast Field was secured only after a hard fought battle against powerful odds.

"The Archive", a monthly magazine, appeared in September, 1892, under the able editorship of Vincent B. Brecht, now Professor of English at Northeast. "The Megaphone" appeared in March, 1923, as a mimeographed sheet, with Stanley H. Lang as editor.

The annual Fall Play and Spring Revue have given Northeast a dramatic record second to none. The first Revue was presented in 1921 and the first Senate Play in 1925.

Now that Northeast is to be increased in size by an annex to be finished by September, 1937, may it also increase in fame, scholastic and athletic merit, and always maintain at a high pitch, that unconquerable "Northeast Spirit."

PROM COMMITTEE

THE SENIOR PROM

OUR SENIOR PROM on Thanksgiving night was a tremendous success. The fates were propitious and gave us a clear, crisp, moonlit night. When we entered the main ballroom of the Brookline Country Club, which was the scene of the Prom, shaded lights and soft music greeted us. The nip of the outside air was soon forgotten in the warmth and friendly spirit which pervaded the ballroom.

The girls were exquisite in their scintillating gowns. Together with the young men in evening dress, they made a fine picture as they circled the ballroom and transformed it into kaleidoscopic effects of color and brilliancy.

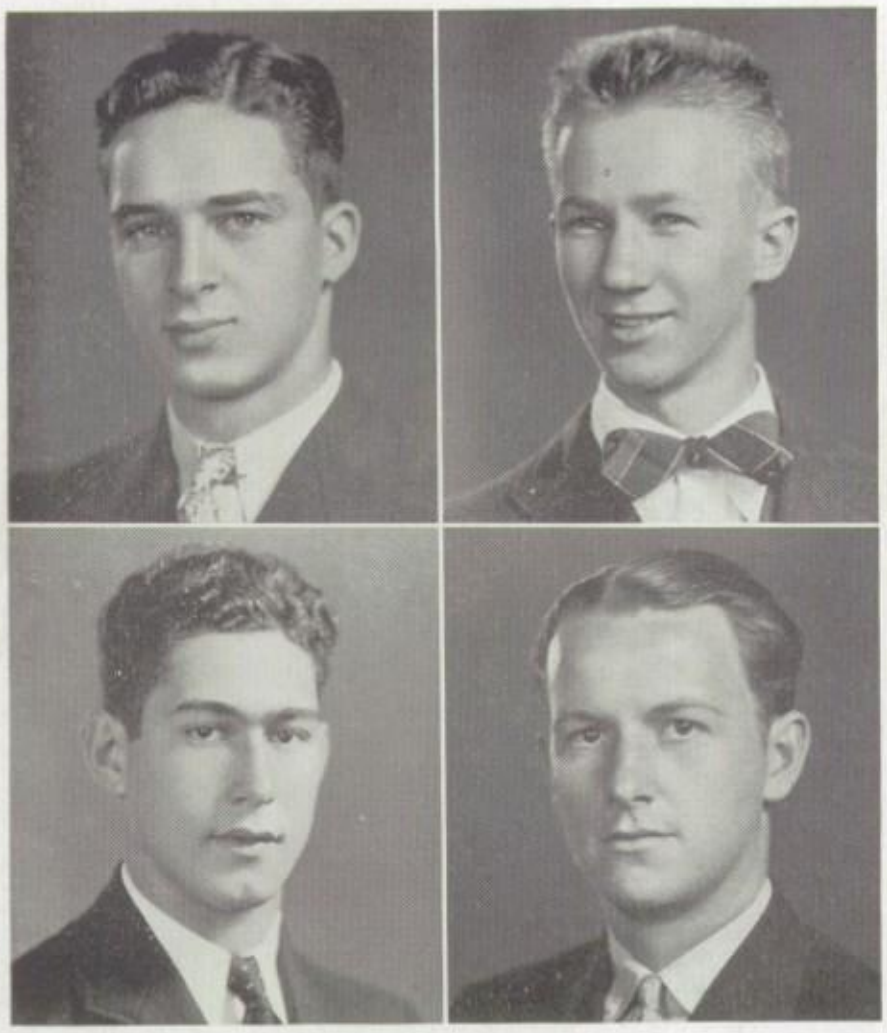
We were honored by the presence of our esteemed Principal, Dr. Rowland, our hard-working and conscientious class adviser, Mr. Wildemore, and faculty members, Messrs. Smith, Quigley, Judd, Wooley, Geiges, Krug, Fee, Cohen and Hilton.

The choice of Roger Kent's orchestra as the provider of music proved a happy one. They rendered a variety of numbers from the swing to the sweet and slow type. As the couples glided to the haunting strains of the orchestra, a romantic spell seemed to envelop them. Jean McCool, bewitchingly beautiful, sang in her usual charming manner.

When the Prom was over all felt that they had had an exceptionally enjoyable evening. We feel sure that each Thanksgiving night in the years to come will remind the boys of this happy Thanksgiving night of 1936.

HONOR MEN

WALTER RODGERS
SAMUEL MANN
ROBERT PARTRIDGE
JEREMIAH CERTAINE
JOSEPH FARAGHAN



IRVING ADLER

3123 W. Gordon Street — Fitzsimons Jr. High School

Hobby: Collecting coins

Ambition: Chemical Engineer

"Irv" was both athletically and scholastically inclined. He was a member of the Cross Country, Inter-Class Football and Soccer Teams. He was active in many clubs around the school, among them being the Spanish and Fencing Clubs. "Irv's" other activities included the Traffic Squad, and Record Book Staff. He also was on the Honor Roll consistently.

FRANK AITKEN

4305 Cottman Avenue — Hamilton Disston School

Hobby: Dancing — Ambition: To be lucky

Upon entering Northeast, "Curly" went out for the Freshman Cross Country Team. He not only made this team, but went on to make the Track and Cross Country Teams the following year. He held membership in the Latin and Tropical Fish Clubs. "Curly" aided the school as a member of the Garden, Traffic, Sanitation and Locker Squads besides participating in the Revue of '36.

MORRIS APPELBAUM

2514 N. Hollywood Street — Fitzsimons Jr. High School

Hobby: Fishing

Ambition: Air Conditioning Engineer

"Apple" was one of the fellows in the class who was interested in all things of a scientific nature. This is borne out by the fact that he was a member of the Surveying and Radio Clubs. Besides being an Alternate and Senator, "Apple" was an industrious member of the Locker Squad.

JACK L. APPLETON

3532 Tudor Street — Hamilton Disston School

Hobby: Sports — Ambition: Chemical Engineer

"App" was a member of the second Soccer Team for two years; a member of the first Soccer Squad for two years and finally a member of the second Baseball Squad. He held membership in the Aero, Organ, Glee, French and Spanish Clubs. "App's" other activities include the School Orchestra, Revue Orchestra, Senator, Alternate and Megaphone Representative. He also received a Senate Award.

MARTIN AROST

2729 Germantown Avenue — Clymer School

Hobby: Sports — Ambition: Sports Editor

"Arrow" lives up to his nickname, being a member of the Track Team and Cross Country Team for 2 years. He also became interested in the Commercial Geography Club. "Arrow" was on the Traffic and Lunch Room Squads, and was the manager of the "A" Class Cross Country Team. He was also a typist on the Record Book Staff.

VASKEN ARPAJIAN

2430 N. 17th Street — Claghorn Jr. High School

Hobby: Photography

Ambition: Electrical Engineer

"Vas" was an outstanding member of the Engineering Club and Archeology Club. He was also a member of the Traffic Squad and the Garden Squad. "Vas's" name was one that was consistently found on the Honor Roll. His one great ambition is to photograph a full length movie of Mae West.

NORMAN H. AXE

5732 N. 16th Street — Jay Cooke Jr. High School

Hobby: Doin' the Susie

Ambition: To get married and go on relief

If you ever want to know anything about sports just "chop" around till you find "Hatchet", he'll tell you. He was a member of the House of Representatives and Camera Club. "Hatchet" besides being interested in the Track Team, became a member of the Senate, Traffic Squad, Lunch Room Squad, Honor Roll, Record Book Staff and the Inter-Class Tennis Team.

IRVIN BABBITT

2804 N. Park Avenue — Penn Treaty Jr. High School

Hobby: Sports — Ambition: To be successful

According to "Chuck", he is the best student taking Spanish. He was a member of the Inter-Class Tennis and Soccer Teams. His club activities included the Current Events, House of Representatives, and Spanish Clubs. "Chuck" was also a member of the Locker Squad, Traffic Squad, and Sanitation Squad.

JACK BARAN

2115 E. Tioga Street — Jones Jr. High School

Hobby: Dancing — Ambition: Millionaire

We find that "Curly" was a happy-go-lucky sort of fellow and was fully appreciated among his fellow classmates. Athletically his attention was drawn at first by football and he made the second team. He then became interested in the Track Team and participated in the 1935 and 1936 meets. He also joined the Spanish and Latin Clubs.

SAMUEL G. BATEJAN

165 W. Dauphin Street — William H. Hunter School

Hobby: Dramatics — Ambition: Actor

"Bat" was a loyal supporter of all school activities. The clubs claimed a portion of his time. His other activities were divided among the Senate Plays and Revues; the Locker, Traffic, Garden, and Lunch Room Squads; the Honorary Dramatic Society, Senator, Alternate, "A", "B", "C" Class Executive and Prom Committees. He did splendid work as the Typing Editor of our Record Book. He was also a speaker at Commencement.

GEORGE R. BATES

4819 N. Sydenham Street — Jay Cooke Jr. High School

Hobby: Tennis — Ambition: Veterinarian

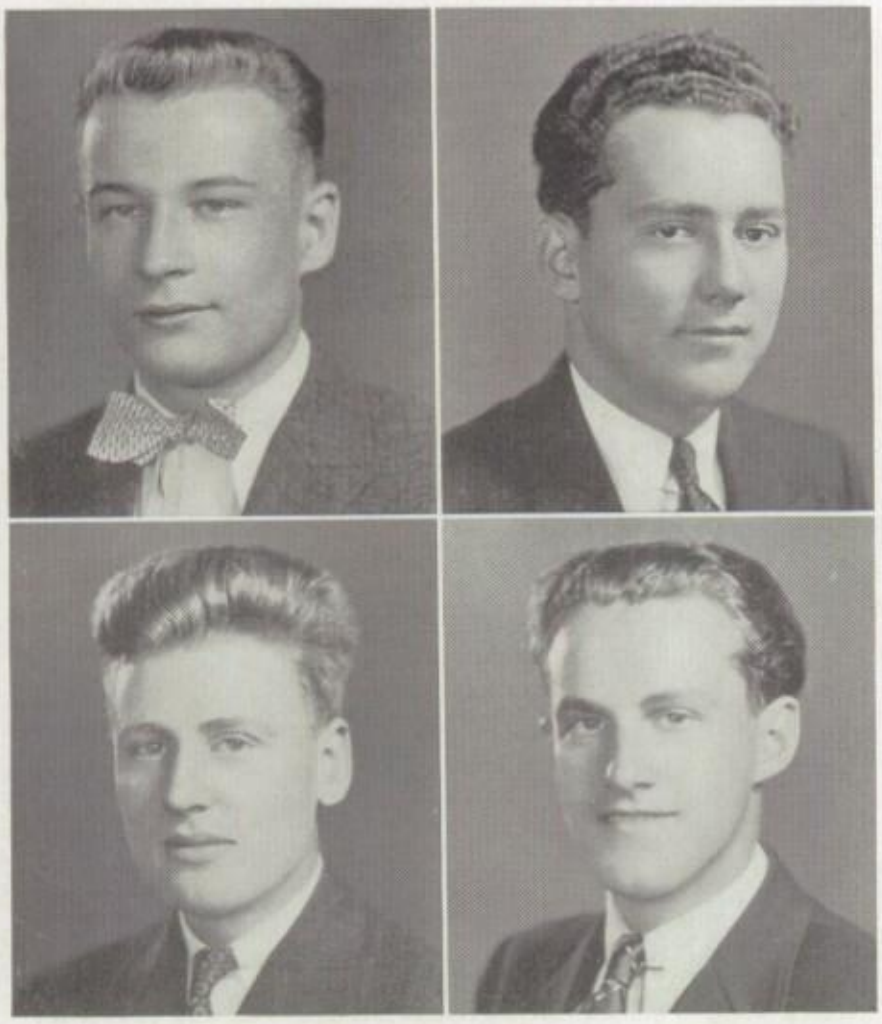
George became an active participant in NE affairs soon after he arrived at NE. He was Manager of Tennis in '35 and '36. George was a member of the "A", "B", "C" Class Executive Committees, and a member of the "A" Class Prom Committee, Secretary of "B" Class, Business Manager of the Record Book and also served on the Traffic, Locker and Sanitation Squads. He was also secretary of the German Club when it existed and was an usher at the Senate and Revue Plays.

HARVEY BATTERSBY

253 E. Cambria Street — Stetson Junior High School

Hobby: Radio — Ambition: Electrical Engineer

"Harv" played on the "A" Class Soccer Team, besides being an ardent rooter at all football games in which Northeast participated. His favorite pastimes next to radio are gunning and playing baseball. "Harv" showed his school loyalty by serving on the Maintenance and Locker Squads.



The Archive

CHARLES BAUER

1521 W. Rush Street — Clymer School

Hobby: Reading — Ambition: Sailor

You could often see "Charlie" along with his classmates surveying the grounds of Northeast. He was also actively interested in the Locker Squad and the Lunch Room Squad. The Megaphone has benefited by his articles and the Senate by his opinions. The ranks of the Honor Roll were often swelled by his name.

CHARLES BAUMANN

2818 Newkirk Street — Fitzsimons Jr. High School

Hobby: Tennis — Ambition: Electrical Engineer

We were fortunate to have such a fellow as "Chuck" in our midst as he was an ardent supporter of Northeast's activities, although he did not participate directly in our affairs. He became interested in the Current Events Club and in his senior year became the competent chairman of our Inter-Class Tennis Team.

AUGUST BAUST

648 West Rush Street — Clymer School

Hobby: Drawing — Ambition: Electrical Engineer

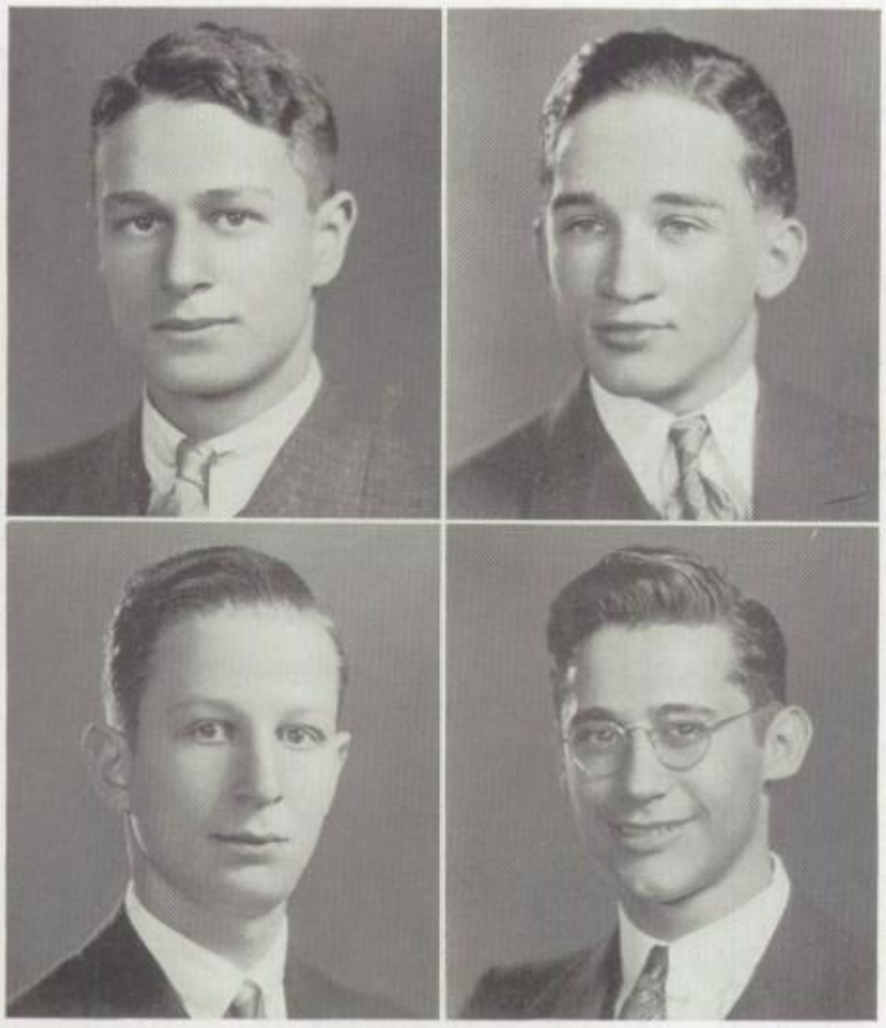
As a surveyor "Butcher" was unexcelled and he owed all his ability to the Surveying Club. He also was interested in the Sketch Club and was a member of the Traffic Squad. Athletically he was the capable manager of the School Basketball Team. He also appeared on the Honor Roll many times.

MARTIN BECKER

2836 W. Harold Street — Fitzsimons Jr. High School

Hobby: Sports — Ambition: Actor

"Mutt" must have been an arden lover of nature as he was a very active member of the Garden Squad. He also participated in our track meets and aided erring Northeasters as a member of the Traffic Squad and Lunch Room Squad. "Mutt" was one of those fellows who possessed the knack of getting along with everyone.



LEONARD BERKOWITZ

2446 Amber Street — Penn Treaty Jr. High School

Hobby: Collecting autographs

Ambition: Hollywood star

"Berky" was quite an active Northeaster, being a member of the Cross Country Team, the Megaphone Staff, Traffic, Locker, Sanitation, and Lunch Room Squads, and often appeared on the Honor Roll. Not to be outdone in club work, he became a member of the French, Latin, and Current Events Clubs.

EDWARD BERMAN

2601 N. 12th Street — George Clymer School

Hobby: Reading — Ambition: Accountant

"Who's that fellow trailing that man?" "Oh! He's from the Northeast Crime Club and is out to get his man." Yessir, Ed was certainly an anti-crime enthusiast in a big way. Not only was he interested in crime but also in the Commercial Geography Club and was a member of the Traffic and Lunch Room Squads.

EUGENE BERMAN

5815 N. 16th Street — Wagner Jr. High School

Hobby: Magic — Ambition: W. P. A. Worker

"Gene" was magically inclined and as a result became a member of the Prestidigitators. He also was an expert philatelist (stamp collector to you) and was actively interested in the Camera Club. The Honor Roll was often adorned by his name. We can honestly say that he was a fine fellow.

MARTIN B. BERMAN

1632 E. Hunting Park Ave. — Penn Treaty Jr. High School

Hobby: Baseball — Ambition: Lawyer

"Benny" got off to a good start as soon as he entered Northeast by joining the Current Events and Surveying Clubs. Soon after he became a member of the House of Representatives, afterwards becoming Speaker. He was also "A" Class Tennis Manager, Senator, on the Traffic and Locker Squads, on the Megaphone Staff, Prom, Athletic Committees, and on the Record Book Staff.

SAMUEL BLASER

3940 N. 7th Street — Taylor School

Hobby: Cycling

Ambition: Electrical or Mechanical Engineer

Here we find a fellow always eager to lend his support to any of Northeast's activities. He has conveyed many a lilting tune to our ears through our orchestra, of which he was a member. The Surveying Club and Locker Squad also took a good bit of his time but he managed to be a Megaphone Representative and appeared consistently on the Honor Roll.

JACOB BLATNICK

2854 Germantown Avenue — Morris School

Hobby: Sports

Ambition: Big Shot

All during his school career at Northeast, Jake advocated inter-class football and it was not until nearly the end of his school career that his ambition was accomplished. He fought hard to bring the "A" Class its title. He was a member of the Commercial Geography Club and often appeared on the Honor Roll.

EDMUND T. BLAZEWICZ

2620 E. Ontario St. — Boys' High School, Brooklyn, N. Y.

Hobby: Marksmanship

Ambition: To better World Conditions

Edmund came into our midst from Brooklyn, N. Y. While at the Boys' High School he was a member of the Medical Society, the Latin Club, and the school orchestra. At our school he was on the Traffic Squad and in the Fencing Club. He was also consistently on our Honor Roll.

WILLIAM BLEIL

2321 N. Howard Street — Hunter School

Hobby: Sports

Ambition: Surgeon

"Bill" was one of our best dressed fellows. He did fine work on our Freshman Track Team and "A" Class Soccer Team. He was very active in the Latin Club and contributed much to the Senate meetings as a Senator. It was not often that his name was not found on the Honor Roll.

ARNOLD MARTIN BLEIMAN

1914 N. Napa Street — Fitzsimons Jr. High School

Hobby: Photography

Ambition: Electrical Engineer

Ask "Artie" anything about radio and he'll have the answer in "three shakes of a lamb's tail." Besides being an ardent radio fanatic he was also interested in the Camera Club and the Theatrical Electrical Club. Many a Revue had been graced by his presence and he did a great service on the Locker Squad. He was also on the Honor Roll.

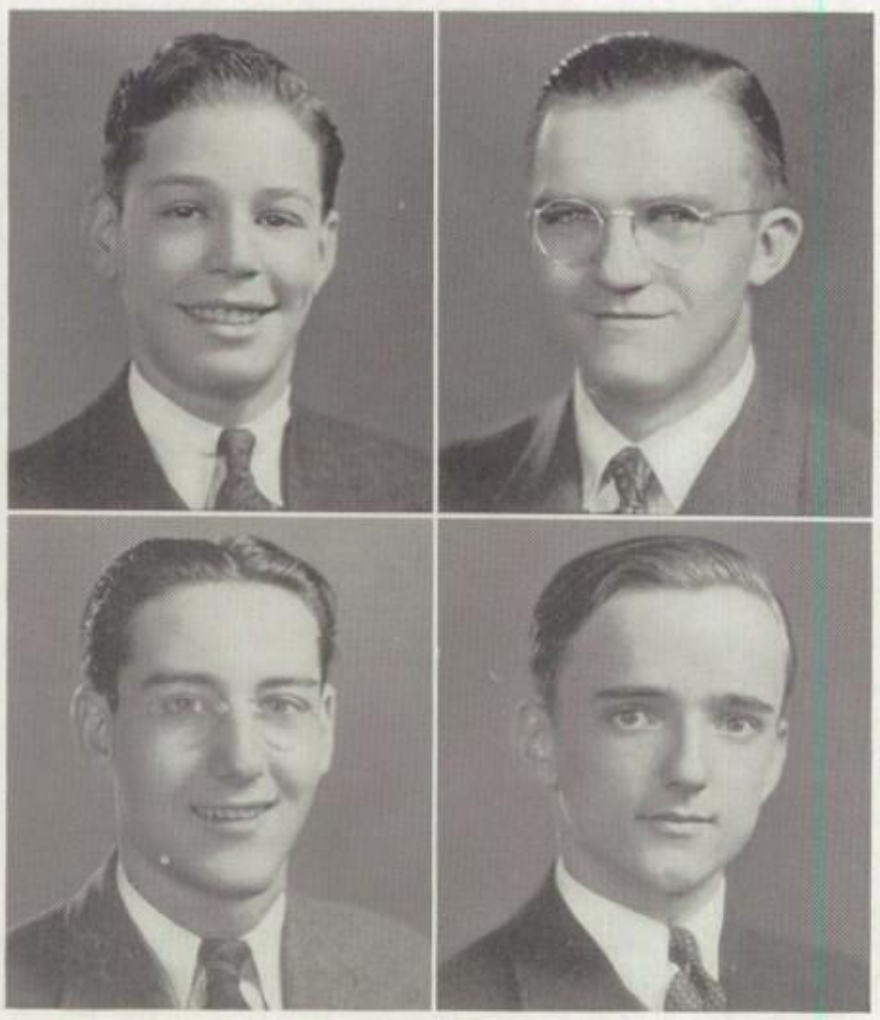
JOSEPH JAMES BLOOM

7413 Torresdale Avenue — Hamilton Disston School

Hobby: Basketball

Ambition: Air Conditioning Expert

"Joe" was one of the class's serious and energetic boys. In the field of athletics "Joe" was a candidate for the Basketball Team of "34." He was active in clubs, among them being the Surveying and Radio Clubs. Besides these extra-curricular activities Joe was a member of the Lunch Room and Locker Squads.



CLIFFORD BLESS

3509 Kensington Avenue — Jones Jr. High School

Hobby: Sports — Ambition: Gigolo

Immediately after entering our school, he went out for football and performed splendidly under Coach Geiges. He was often on our Traffic, Lunch Room, and Sanitation Squads. As a Senator and Alternate he did fine work for our Senate. Truly "Cliff" was a typical Northeaster.

ALFRED BOILEAU

1520 W. Lehigh Avenue — Claghorn School

Hobby: Stamp Collecting

Ambition: To go to Annapolis

"Al" was a member of the '36 and '37 Swimming Team and Inter-Class Soccer Team. He was also a member of the Stamp, Garden, Engineering, Archeology, and Astronomy Clubs. His other activities include captain of the Garden and Lunch Room Squad and member of the Traffic Squad. "Al" also achieved the Honor Roll quite often.

ROBERT BONNER

1832 E. Schiller Street — Jones Jr. High School

Hobby: Stamp collecting

Ambition: To go to college

"Bob" was the possessor of an enviable and good-natured disposition. Although not active in athletics he went in for other extra-curricular activities, among these being a member of the Traffic Squad. He was on the Honor Roll and was also Alternate Senator of his class.

EDWARD BORNAK

2622 E. Clearfield Street — Jones Jr. High School

Hobby: Yodeling

Ambition: To be on Navy's football team

"Haunt's" honesty was not unknown about the halls of Northeast. In the field of athletics he was a member of the Inter-Class Soccer Team. Among his other activities "Haunt" was a member of the Radio Club and also a member of the Traffic Squad.

CHARLES HARRY BOURGEAULT

6421 Ogontz Avenue — Wagner Jr. High School

Hobby: Stamps and Baseball

Ambition: Auto Mechanic

Although "Bucky" did not go out for sports or other extra-curricular activities he stuck to his studies and succeeded in keeping his marks well above those of the average student. "Buck's" principal accomplishment at Northeast was the acquiring of a host of good friends.

MARSHALL BOWEN

2405 N. Mutter Street — Stetson Jr. High School

Hobby: Tap dancing — Ambition: Aviator

Although not active in the field of athletics, "Jimmy" went in for other school activities. He was a member of the Aero Club and the Stamp Club and also a member of the cast of the 1936 Revue. "Jimmy's" ambition to be an aviator may yet lead to the placing of his name with that of Lindbergh and other flying notables.

JOHN HENRY BRANDON

2051 N. Lawrence Street — John Moffet School

Hobby: Soccer — Ambition: Business Man

In the field of sports "Chic" was on the Inter-Class Soccer Team. He held membership in the Camera, Stamp, and Latin Clubs. His other activities include membership in the Traffic Squad and captain of the Lunch Room Squad. "Chic's" motto was, no doubt: "Silence is golden," because he always abided by that principle.

MARTIN BRANDT

140 W. Dauphin Street — Hunter School

Hobby: Sports

Ambition: Successful business man

"Mart" was one of the few who spent four full years at Northeast. He was a member of the Inter-Class Football Squad and was vice-president of the Commercial Geography Club. Some of "Mart's" other activities include Garden Squad, Lunch Room Squad, Traffic Squad, Alternate and Honor Roll.

HENRY BRANSKY

4937 B Street — Jones Jr. High School

Hobby: Sports — Ambition: To live on Easy Street

"Hen" was a member of the Inter-Class Football Squad and a member of the Commercial Geography Club. Besides his other activities at Northeast, he was a member of the Traffic Squad, Alternate of his class and on the Honor Roll as well. "Hen" was an ardent fan and good sportsman at all sports activities in which Northeast participated.

ANDREW BRAZINGTON

1728 Fontain Street — Claghorn School

Hobby: Reading — Ambition: To go to college

"Brazie" was everyone's friend. His wise discretion and chuckling laughter made his popularity possible. As a freshman "Brazie" participated on the Basketball Team. He was also a member of the Locker Squad. "Brazie" will be remembered for many years by those who knew and respected him.

PHILIP BRENNAN

3557 Warnock Street Northeast Catholic High School

Hobby: Ambition:

Although he did not start at Northeast with our class, "Phil" became accustomed to Northeast and the ways of Northeasters quickly. He became an active member of the Commercial Geography Club. He was a member of the Lunch Room and Sanitation Squads. Philip can be said to be a typical Northeaster.

GEORGE BRUCKER

2311 Germantown Avenue Shaw Jr. High School

Hobby: Fencing Ambition: Chain Store Magnate

Known to his intimate friends as "Bruck", George is a quiet chap with a good sense of humor, and rather an infectious laugh. He joined the Fencing Club the term it was organized at Northeast. He also became a member of the Traffic Squad as well as a member of the Lunch Room Squad.

WALTER W. BRONSTEIN

2741 Germantown Avenue Clymer School

Hobby: Sketching caricatures

Ambition: To meet Mahatma Ghandi

A member of the House of Representatives, Bronstein was also a member of the "A" Class Dance Committee. The most outstanding of his activities while at Northeast, is the active part which he took in the Revues of 1934, '35, and '36. For his untiring effort in this line he was made a member of the Honorary Dramatic Society.

JAMES BUONASSISI

3544 Sunnyside Avenue Breck School

Hobby: Baseball

Ambition: "Pro" Baseball Player

James, called "Bonny" by many of his closer friends, was a diligent worker on both the Lunch Room and the Traffic Squads. Among his other activities James was on the Publicity Staff of the Megaphone, and a typist on the Record Book Staff. His name was found on the Honor Roll now and then.

His participation on the Cross Country Team showed his ability as an athlete. "Al" also found time for the Spanish Club and the Lunch Room Squad.

CONRAD KOLB, 3rd

1220 W. Thompson Street — Widener School

Hobby: Reading — Ambition: Musician

"Kolby" is regarded as one of the most congenial and sportsmanlike of all our friends. His good company is welcomed by the many who know and cherish his friendship. "Kolby" participated on the Lunch Room Squad and was on the Honor Roll. His musical talents were expressed in his participation in the Senior Orchestra and Glee Club.

SEYMOUR KONCHINSKY

605 W. Montgomery Ave. P. S. 149 (B'k'l'y'n N. Y.)

Hobby: Commerce

Ambition: President of a Bank

None of us who know "Si" will dispute the fact that he is one of the best loved of all our friends. His unique way of weaving his way into the hearts of everyone gained him his many acquaintances. Although activities did not appeal to him, he was not lacking in friends. "Si" was loved and respected by all.

ROBERT R. KRAMER

3045 N. 4th Street Stetson Jr. High School

Hobby: Public Speaking Ambition: Minister

"Kramie" is the type that is frank and quick in getting to the point. His frankness was helpful and many times amusing. He acted in the capacity of secretary of the Spanish Club and was a constant participant in the Bible Study Club. His friendship will no doubt be long remembered by everpone.

WILLIAM G. KOZAK

1236 W. Sergeant Street Clymer School

Hobby: Model House Builder

Ambition: Building Contractor

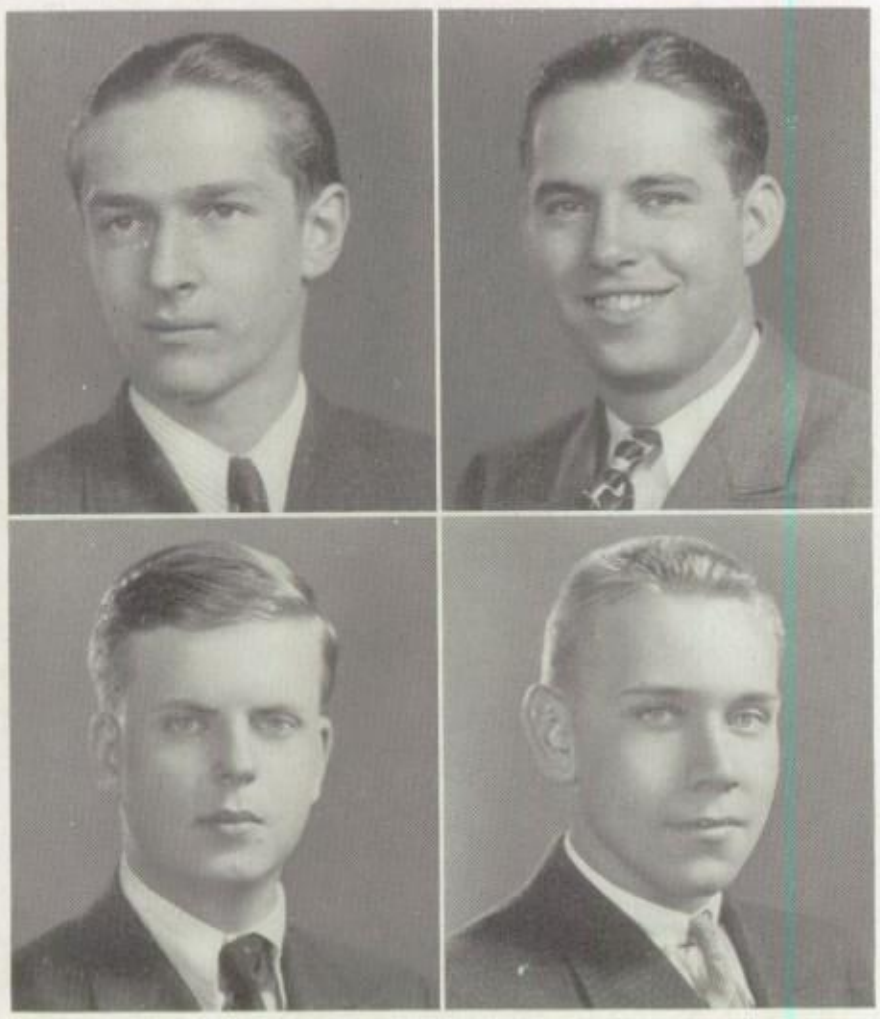
Ambition was "Bill's" only reason for not having the many activities that he wished. "Bill's" work after school forced him to give up the participation in the field of sports which he loved so much. However, "Bill" was far from lacking in friends. His wonderful company endeared him to his many acquaintances.

FURMAN C. KRAUTER

1316 E. Montgomery Ave. Penn Treaty Jr. High School

Hobby: Sports Ambition: Draftsman

"Fritz" was on the Football, Baseball, and Basketball Squads. He was in the Engineering Club, the Garden, Traffic, Lunch Room and Sanitation Squads. "Fritz" served as Senator, on the Dance Committee, Chairman of the Budget Committee, the Auditing Committee, the Athletic Committee, and still found time to be on the Honor Roll.



BORIS LARIN

3415 Helen Street — Jones Jr. High School

Hobby: Sports — Ambition: Artist

Although "Larry" was not active in clubs he was, nevertheless, liked by all. His readiness to accept the will of the majority brought him into recognition and respect. "Larry's" athletic talents were shown on the football field. His friendship as well as his football playing will long be remembered by all.

JACK LAVERTY

1836 Plymouth Street — Wagner Jr. High School

Hobby: Tennis — Ambition: Electrical Engineer

Long will be remembered our good friend "Lav." His willingness and good sportsmanship combined to make one of the finest friends one ever had. His activities consisted of the Stamp Club and the Tennis Team. "Lav's" presence was welcomed at all times and never did he prove to be dull company.

DAVID LEACE

625 W. Tioga Street — Bayard Taylor School

Hobby: Gymnastics

Ambition: To be successful in life

The ability of "Dave" to play the part of the man on the flying trapeze, earned him membership on the Gym Team. He was also on the Track Team. His clubs include the Parliamentary Procedure and the Radio Clubs. "Dave" would do anything once. This and his stubborn tenacity toward any new undertaking will be a determining factor toward his success.

WILLIAM LEFKOWITZ

3123 Magee Avenue — Hunter School

Hobby: Tennis — Ambition: To be successful in life

"Bill" not only has the Traffic, Sanitation and Garden Squads to his credit but has, likewise, been a member of the Stamp, Latin, and Airplane Clubs. His name appeared on the Honor Roll also. "Lefky" has a dual nature; being placid and pensive, one moment; and effervescent with mirth the next. "Bill" in his run for the white goal line at the end of the course will not be last.

MARTIN LEIBOWITZ

3109 Frankford Avenue — Ferguson School

Hobby: Football

Ambition: To be successful in life

"Lefty" was wrestling "champ" of his class, and played Second Team Football, besides playing the part of a buxom blonde in the Revue, and having a part in the Senate Play. His ready wit gained him many friends, who elected him to the Alternate and Senatorship of his class. "Lefty" was on the Honor Roll and was a member of the Traffic Squad and Crime Club.

MEYER LEVENTHALL

1334 North 7th Street — Penn Treaty Jr. High School

Hobby: Sports

Ambition: To be employed in aviation

An active member of the Camera Club, Meyer was one of the first to have his class dues completely paid. His more intimate friends call him "Whitie." Perhaps some day we will see him as one of Philadelphia's outstanding photographers. But whatever field he enters we can be sure that he'll make Northeast proud of him.

DAVID S. LEVIN

2500 N. Hollywood Street — Fitzsimons Jr. High School

Hobby: Sports — Ambition: Optometrist

"Butch" is not as tough as his name indicates. But he makes up for it, in, that he has a goodly list of clubs to his name. Among them are the Stamp, Camera, Fencing, Parliamentary Procedure, and Table Tennis Clubs. The Lunch Room and Traffic Squads have also had his assistance. To top it all, "Butch" has been on the Honor Roll quite often.

JAMES THEODORE LEWIS

3712 N. Sydenham Street — Gillespie Jr. High School

Hobby: Radio — Ambition: Electrical Engineer

"Jimmy" spent a great deal of his time bettering his scholastic standing and as a result was one of those who achieved the Honor Roll regularly. He helped maintain Northeast's record for cleanliness by participating in the work of the Lunch Room Squad. Because of his interest in radio and electricity, he spent much of his time out of school in research work along this line.

JOHN C. LEYPOLDT

2415 79th Avenue — Wagner Jr. High School

Hobby: ? ? — Ambition: ? ?

"Jack" did not need fame or fortune in his life. He was content to work slowly and carefully for Northeast and his class without medals or awards. He was very quiet and unassuming but, a swell fellow despite these backward qualities.

ROCCO R. LODISE

1733 N. 3rd Street — John Moffet School

Hobby: Reading — Ambition: Mechanical Engineer

The clubs which Rocco patronized, the Engineering, Camera, and Air Conditioning Clubs, show his interest in the practical side of education. He is a meditative young fellow who has striven under adverse conditions but has never allowed himself to relapse into the felicity of sluggishness.

ROY LONGBOTTOM

4741 Meridian Street — Benjamin Crispin School

Hobby: Radio Building

Ambition: Electrical Engineer

"Longy" as he is familiarly known, immigrated with his parents from Leeds, England. He is no "bloomin' blighter"—on the contrary—he is a jolly good fellow. "Rawther!" "Longy's" height made him an awe-inspiring enforcing agent on the Traffic Squad, especially, in the eyes of the lower classmen. His name has been on the Honor Roll quite a few times.

MELVIN LOTKA

2710 W. Somerset Street — Fitzsimons Jr. High School

Hobby: Making puzzles

Ambition: Football Coach

Other than having been on the Garden and Traffic Squads and an assistant manager of the Football Team, "Mel" tasted some of the Latin of the Caesers. And, doubtless, the muses and the gods of whom he learned will mark out a path for him to follow. Perhaps "Mel" will also wear the laurel crown of yore, as victor in the fight for fame.

HARRY LUBLIN

2909 N. Park Avenue — Clymer School

Hobby: Radio — Ambition: Banker

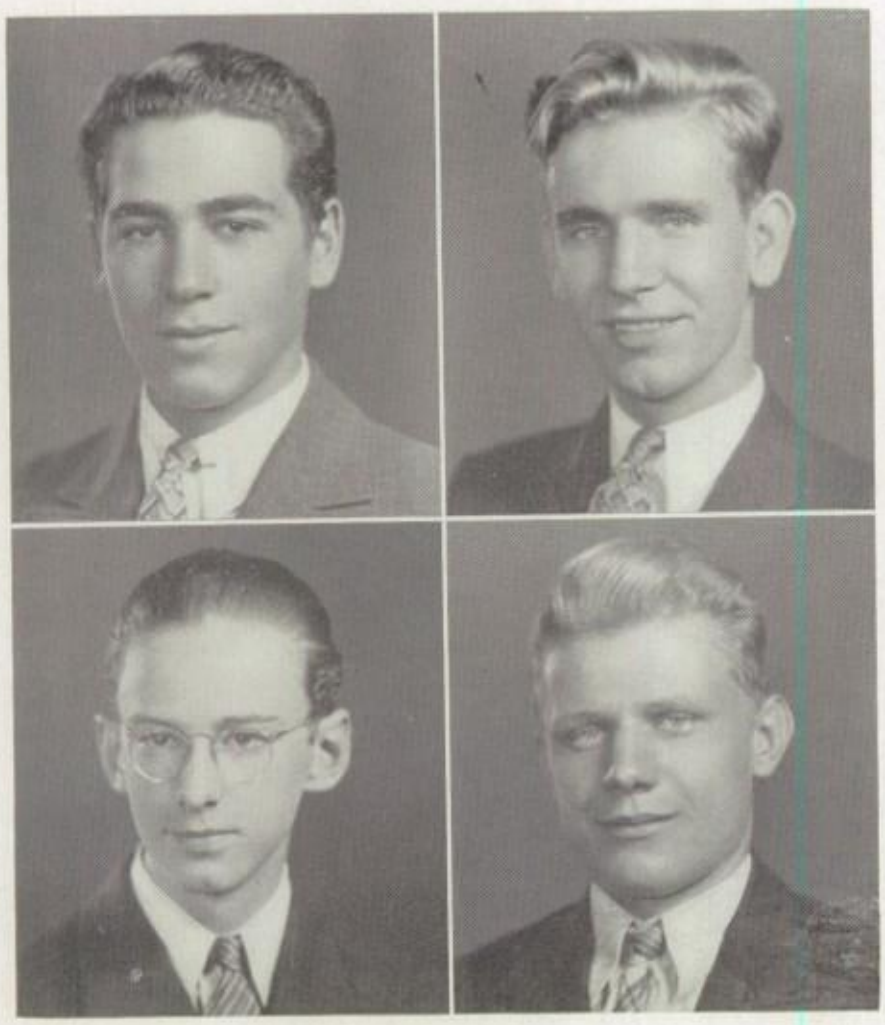
Harry's interests around the school were varied. Though he was a member of but one club, the Radio Club, he made up for the deficiency by playing in the Band and Orchestra. Besides being a member of Traffic and Lunch Room Squads, Harry was a Megaphone Representative.

ROBERT W. MacFARLANE

229 E. Tioga Street — Stetson Jr. High School

Hobby: Magic — Ambition: A second Houdini

"Bob" is a rather modest fellow. He doesn't state that he has had Latin, but, it is easily detected by his judgment and in his conversation, which shows that he has mastered the intricacies of a Ciceronian sentence. While at Northeast "Bob" was a member of the Record Book Staff, Lunch Room Squad, Prestidigitators' Club, and was Class Poet.



DONALD LURWICK

2174 E. Lehigh Avenue — Penn Treaty Jr. High School

Hobby: Baseball — Ambition: Architect

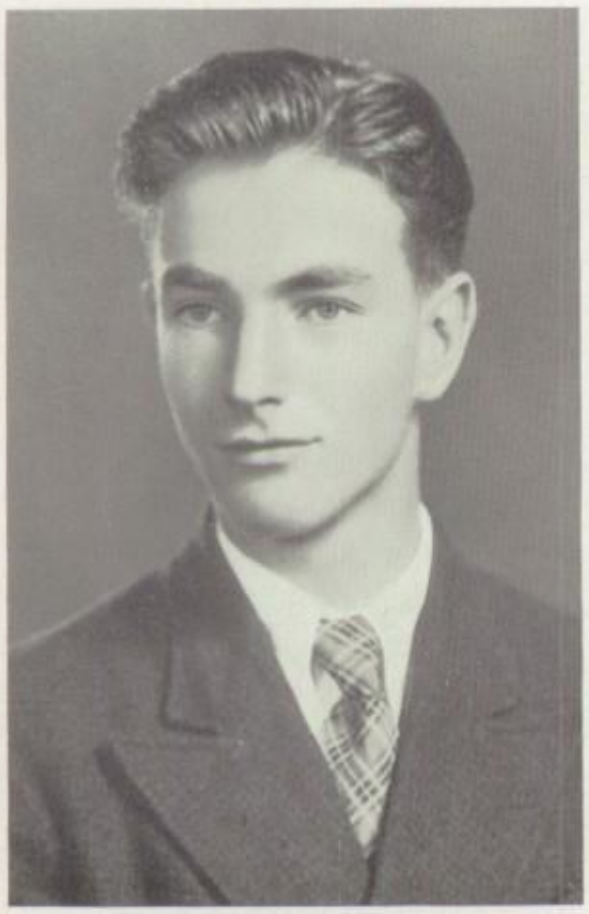
LIFE OF T. A. DALY



JOSEPH FARAGHAN

THOMAS AUGUSTINE DALY was born in Philadelphia in 1871. He attended the Philadelphia public schools until the time he entered college. While he was a student at Villanova he published some of his verses in the undergraduate magazine. Later he went to Fordham, and while there he not only wrote for the college monthly, but became its editor.

His serious writing career started when in 1891 he became cub reporter on the Philadelphia Record. It was then that he began the making of character verses which brought to his readers the dialect of the Italian-Americans. Before that he had experimented with poems in the negro and Irish dialect. As a newspaper reporter he had become familiar with that section of our city occupied largely by the great Italian population, so that when in 1904, six years after he had given up reporting and had become General Manager of the Catholic Standard and Times, he found a great opportunity to use his experience as a basis for writing about the lives and characters of the Italian-Americans.

Whether in dialect or in literary English, Mr. Daly has always held very definite views on the writing of poetry. He has no great admiration for free verse.

"For a number of years," he says, "I have been going through this country brandishing a literary Shillaleh over the heads of some of the poets I do not like. My particular pest is the free verse writer. This queer school of free verse has been putting out for some years this stuff that looks like poetry—at a distance—the lines are chopped off—but when you get close to it, it is something else. These people tell you that in this day the only thing that counts is the thought; that the rhyme and rhythm are outworn, and that thought is the thing. Then they bury the thought so deep you can't find it."

It is certain that both in maintaining his point of view in this respect, and in devoting himself to the writing of poetry which appeals to our sense of beauty in form and thought, and which reaches the hearts of all of us, he has performed a real service to American poetry.

In 1904 he struck a new note in his Italian Poems in the publication of "Mia Carlotta." Prominent in his verse are the Italian girl and the Italian man, with the dominant theme the nobility of the average Italian-American. One of his poems which he personally feels illustrates the Italian's love for the beautiful is "The Blossomy Barrow" which is based on an actual incident. This poem appears in his volume called "Madrigali."

True to his Irish ancestors, "Tom Daly" as he is known to his friends, has a keen sense of humor and is quick to appreciate a joke whether applied to himself or to another. An anecdote which he relates of his early days illustrates this trait.

"When I was a young cub reporter I used to carry around a two days' beard. Safety razors hadn't yet been invented, a shave cost fifteen cents and for fifteen cents one could buy something much more delectable than a shave. There was a little lunch counter near our office, where for this sum a fellow could get a good meal." * * *

POEMS BY T. A. DALY

SAMUEL BATEJAN

ALONG THE WISSAHICKON

THE red and gold and silver haze
Of early Indian summer days
Along the Wissahickon!
Dan Cupid, could there ever be
A likelier place on land or sea
Wherein to plan your Arcady
And let your love plots thicken?
There earliest stirred the feet of spring,
There summer dreamed on drowsy wing!
And autumn's glories longest cling
Along the Wissahickon.

On winter nights ghost-music plays
(The bells of long-forgotten sleighs)
Along the Wissahickon
And many a silver-headed wight
Who drove that pleasant road by night
Sighs now for his old appetite
For waffles hot and chicken.
And grandmas now, who then were belles!
How many a placid bosom swells
At thought of love's old charms and spells
Along the Wissahickon.

You, Gloriana, you who know
The word, low spoken long ago,
Along the Wissahickon,
The word that was the golden key
To ope the gates of Arcady
For one man. Come! and walk with me
Where sweetest memories quicken,
That once again the charms that brood
Through all the sylvan solitude
May bless the wooer and the wooed—
Along the Wissahickon.

Da peopla dey talka, "how nobby! how neat!
How softa da handa, how smalla da feet."

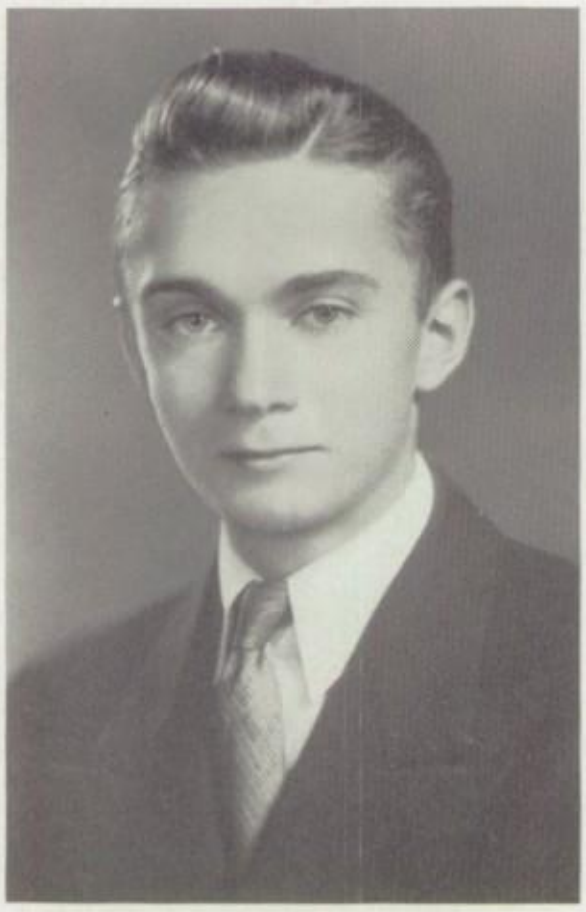
He leefta hees hat an' he shaka hees curls,
An' smila weeth teetha so shiny like pearls;
Oh, manny da heart of da seely young girls
He gotta.
Yes, playnta he gotta—
But notta
Carlotta!

Giuseppe, da barber, he maka da eye,
An' lika da steam engine puffa an' sigh,
For catcha Carlotta w'en she ees go by.

Carlotta she walka weeth nose in da air,
An' look through Giuseppe wieeth far-away stare,
As eef she no see dere ees som'body dere.

Giuseppe, da barber, he gotta da cash,
He gotta da clo'es an' da bigga moustache,
He gotta da seely young girls for a "mash";
But notta—
You bat my life, notta—
Carlotta.
I gotta!

LIFE OF T. A. DALY



ALLEN SAMPSON

JAMES RUSSELL LOWELL has contributed the Yankee dialect to American literature; Eugene Field the dialect of child-lore; James Whitcomb Riley has popularized the Hoosier dialect; Bret Harte has given us the dialect of the California miner; but it was left to Mr. Daly to immortalize the dialect of the Irish-American and Italian-American of our own time.

His delineation of these characters is splendid, in them he has shown us the joy and sorrow, the hope and despair, the humor and pathos, the love and hate, which go to make up the everyday lives of thousands of Americans.

In musical rhythmic lines the poet accurately imitates the speech of the Italian-Americans, thereby adding a delicate sense of local color. The Irish dialect is clever and witty, reflecting a truly Celtic sense of humor.

Through his long years of contributions to the newspapers of Philadelphia, and to various magazines, he has brought distinction to our city. Likewise honors have come to him. Fordham University has conferred upon him the degree of Master of Arts and Doctor of Literature.

Not only is he loved and appreciated in his own city and his own country, but his fame has extended across the seas. When he visited England and Ireland in 1910 he was received with great enthusiasm. In 1914, Mrs. Katherine Tynan Hinkson, a leading spirit in contemporary Irish literature, delivered a lecture in Dublin on "T. A. Daly, The Poet of the Dago."

While it is true that Mr. Daly's dialect poetry has brought him contemporary fame, we should not overlook his splendid poems in standard English. A fitting estimate of his own genius as a poet and his worth as a man can be found in the lines of his own poem, "His Favorite Poet"; after devoting attention to the merits of Milton, Shelley, Burns, Blake and Shakespeare, he ends up by writing:

"Yet not for any one of these
Great names that loom above him
Would I exchange those qualities
That make me fondly love him.
I love his living heart that sings
And makes my blood flow faster;
I love so many little things
Of which he is the master.
I love his ardent joy of life,
And, faith—as I'm a sinner—
I love his bairns, his home, his wife,
His appetite for dinner.
My favorite poet? I'll rejoice
And tread this old earth gaily
As long as I can hear the voice
Of—T. A. Daly."

Christopher Morley, another Philadelphia poet, writes: "I once inherited his old roll top desk in the office of the Philadelphia Evening Public Ledger. With that desk perhaps I inherited an inside glimpse of his ardors and indurances. There was a lot of dusty old copy-paper in it, and a large bottle of ink, which I remember was oddly labeled "Commercial Fluid", (a term which seems to have gone out of use in the ink business.) I can't believe that Tom used ink from a bottle with that legend. Irish by inheritance, poet by nature, there is no drop of commercial fluid in his veins." * * *

CLASS HISTORY

LOUIS RABBEN

SOME DAY, eons in the future, children will be bidden by their considerate elders to have and to hold in their memories some few dates, and foremost will be—January, 1933. At that time, four, short or tedious years ago, as the point of view may hold, the sixty-ninth graduating class of Northeast High School was set on the path to greater glories through the medium of Mr. Henry Brachhold's mighty voice. Two hundred and eighty-six quaking freshmen were welcomed by those stentorian tones to this institution. These freshmen were officially bidden to cease and desist from any form of quaking by their understanding mentors and thus began a journey to whose end we come today.

Despite admonitions from superior seniors, the strangeness and novelty of a new form of schooling and a new attitude, soon wore off, and left in its wake a patina of confidence. That first year is reckoned by many as the beginning of an era of self-reliance and understanding.

Those two hundred and eight-six members, were, in the scale of seniority, the lowest of the low, and upper classmen kept them continually mindful of the fact. Some more gullible were persuaded to purchase seats in the lunchroom, passes to Morrison Hall, and any other little knicknacks which the fertile brains of older and perhaps wiser students could germinate. The case-hardened consciences of the higher groups were to the tender and innocent freshmen continual sources of worry and secret wonder. What defense could be offered except the useless one of passive misery which might ignite some spark of humanity in that cold breast. All too often the spark was conspicuous by its absence. But later a sense of Stoicism prevailed, for soon, very soon, the freshmen would no longer be freshmen, there would be a new crop, and what an infinite variety of innocuous pleasures could be derived therefrom. It was only a short while more until the hunted became the hunter.

And so it came to pass that in January of nineteen thirty-four the freshman class became a sophomore class, and as companions in learning were four hundred and seven former Junior High School boys. The sopho-

more class had on its rolls six hundred and ninety-three prospective graduates, and among these selfsame students there was what might be called by some pure idealist, perfect harmony, and by some realist, just harmony. Some few of the tried and true two hundred and eighty-six felt mixed feelings of resentment and mild contempt at having by their sides these new boys eager to be plucked and yet untouchable, for it would not be playing the game to treat sophomores like lowly freshmen.

At about this time those who had not already done so began to take an active interest in clubs and other extra-curricular activities. A great many future maestros, thespians, and lights in the world of sport date their humble beginning to their sophomore year. And still we strove onward to attain that peak of nonchalance which would enable us to converse with perfect sang-froid in the haven of the mighty—the front hall.

So passed two years; half the job was done and we were juniors. Already halfway across the stream the other side was finally a goal within our limited vision. By this time many had dropped out and the class was rapidly being pared down to a small group which had been dragging along with it satellites and lesser beings. Our field of activity was being broadened rapidly, and our scope, our power to visualize, became wider. School history was being made and we were a part of it. Everything was flying thick and fast and no one was spared. Laggards became acquainted with several gentlemen of the faculty who tried to open in their obdurate and recalcitrant skulls a passage so the light could strike. If the light didn't strike, the heavy hand of enjectment did, and there was a departure from our midst.

In this year we were permitted to rub shoulders with the near great, when we were admitted to Morrison Hall for our advisory period. There was now at first hand a group with whom we could compete in the selling of tickets for our shows or games, and many and blatant were the remarks hurled to and fro when one group outdid another.

Some events were unpleasant. To this day only the culprit knows the source of a series of fires patently started to destroy some of the things most hallowed by tradition. We do not know who started these fires and probably never will, but they are all part of the huge kaleidoscope of events which made up one of the most exciting years in the history of the school.

For the first time in Philadelphia, Northeast had the honor of being a pioneer in winning a championship in every sport offered during the season. Never before has any school done this. Football, soccer, cross-country, to name three most popular, we took them all in our stride. What a day for us, and what a load for the trophy-case! Of course we had by this time become quite accustomed to Coach Terry's success with soccer teams, but to capture all—that was a feat!

During the last half of the junior year, we were told to organize ourselves into a political body. It was a new and novel experience to most of us to be active participants in a campaign but the white feather never made its appearance even though we were under a deluge of blotters, speeches, and

petitions. Our officers were elected and ushered into office.

The class adviser, Mr. Wildemore, made his appearance on the scene as did other faculty members, aiding us in various capacities.

Purely from a desire to emulate our forebears and from no real enticement to us we considered the possibility of a dance with Kensington, but the efforts of our modest gay deceivers bore no fruit.

At last the great day came and we were rolling along in the fourth year. For the first half of this final lap most of us played a watchful waiting game since we could almost reach out and touch graduation. We were already well started on that bane of our existence — dues. "Y' gottany dues?" became the cue for a languid stretch into a leaky pocket to bring to light the lone coin with an air of bloated plutocracy.

The dance with the Kensington damsels was at last held as was a Junior Prom, at which the handsome class Romeos and other not so handsome shone their brightest.

Before the second half of the year, rumors of new additions and renovations were current. Hope was high that after vacation we would return to a completely reconditioned and enlarged school. In fact, the school was smaller, as the builders took up much room. On the opening day of the new semester Dr. Rowland told us of the difficulties we would have to face. There was a shortage of lockers, a shortage of space, a shortage of light, and a shortage of heat. The only things in abundance were riveters.

All the obstacles were offset however by our now being the senior class. A studied ennui was easily discernible and here and there a misplaced eyebrow. They took the place of placards announcing our new dignity.

What busy days! With photographs, plans for the prom, dues, such minor things as studies, and numerous worries, leisure time was cut to almost half a day instead of the usual three-quarters. The only championships brought in were soccer and counting sheep in classes. Mr. Terry established a world's record with twelve consecutive soccer championships.

This last term we have had no Senate play because of the alterations to the building. To the prospective actors this might be a boon since high averages entail time.

The senior prom was the great social event of the four years of school life. Many a lad removed his shoes as he brought in the milk the next morning. It was very well attended and the enthusiasm evidenced made it a huge success.

Thus we have been strained through the sieve of education and of the original six hundred and ninety-three there are left only two hundred and seventy-five. Somewhere along the road four hundred and eighteen boys parted from us. We who are left are now young men, going out into the world which will receive us with no wide open arms. We must make our own way and four years here have shown us how. A few, perhaps many, have reached their limit. Those who go on will have as a background and foundation four years of training for life in an institution which has flourished despite the bitter blasts of time.

We are grateful, we of the sixty-ninth graduating class, to our hallowed Alma Mater.

CLASS POEM

ROBERT W. MacFARLANE

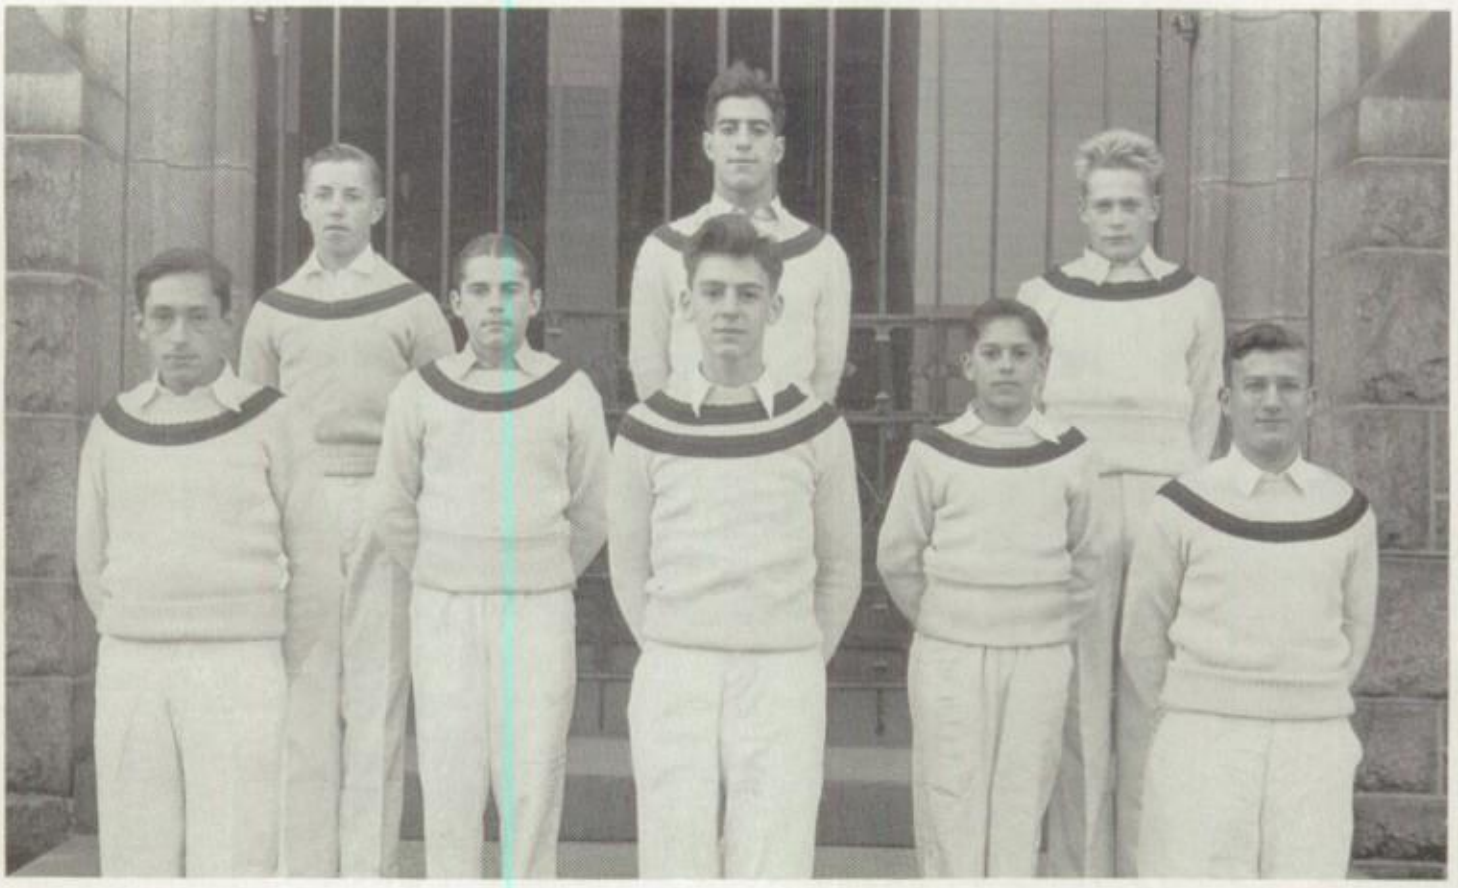
WHILE Red and Black waves proudly
In the reaches of the sky,
We find that we must now depart
And bid a fond "Goodbye!"
For now, as we approach the end
Of a too brief sojourn here,
Our happy thoughts of parting
May be mingled with a tear.

Forward lies an open world;
Achievements yet undone;
Fields which must be conquered;
Fights which must be won.
But still our thoughts in retrospect
Turn back and glimpse at last
Mem'ries of our Northeast days
Whose golden hours have passed.

We came from many places,
Some near and some afar
To study and to follow
Ambition's guiding star.
The hours of Spring we spent here,
Friends and comrades all,
Are seeds for richer harvest
To be gathered in the Fall.

The teachings, too, will linger
'Til our voices all are stilled
And after life's dim sunset
We find our task fulfilled,
For each one in his own way
Will do that which he can
To pass another milestone
In the upward march of man.

So this must be the ending
And we, with much regret,
Must leave for others to repeat
The life which we have met.
For while we cannot feel sad,
We still can breathe a sigh
While Red and Black waves proudly
In the reaches of the sky.



CHEERLEADERS

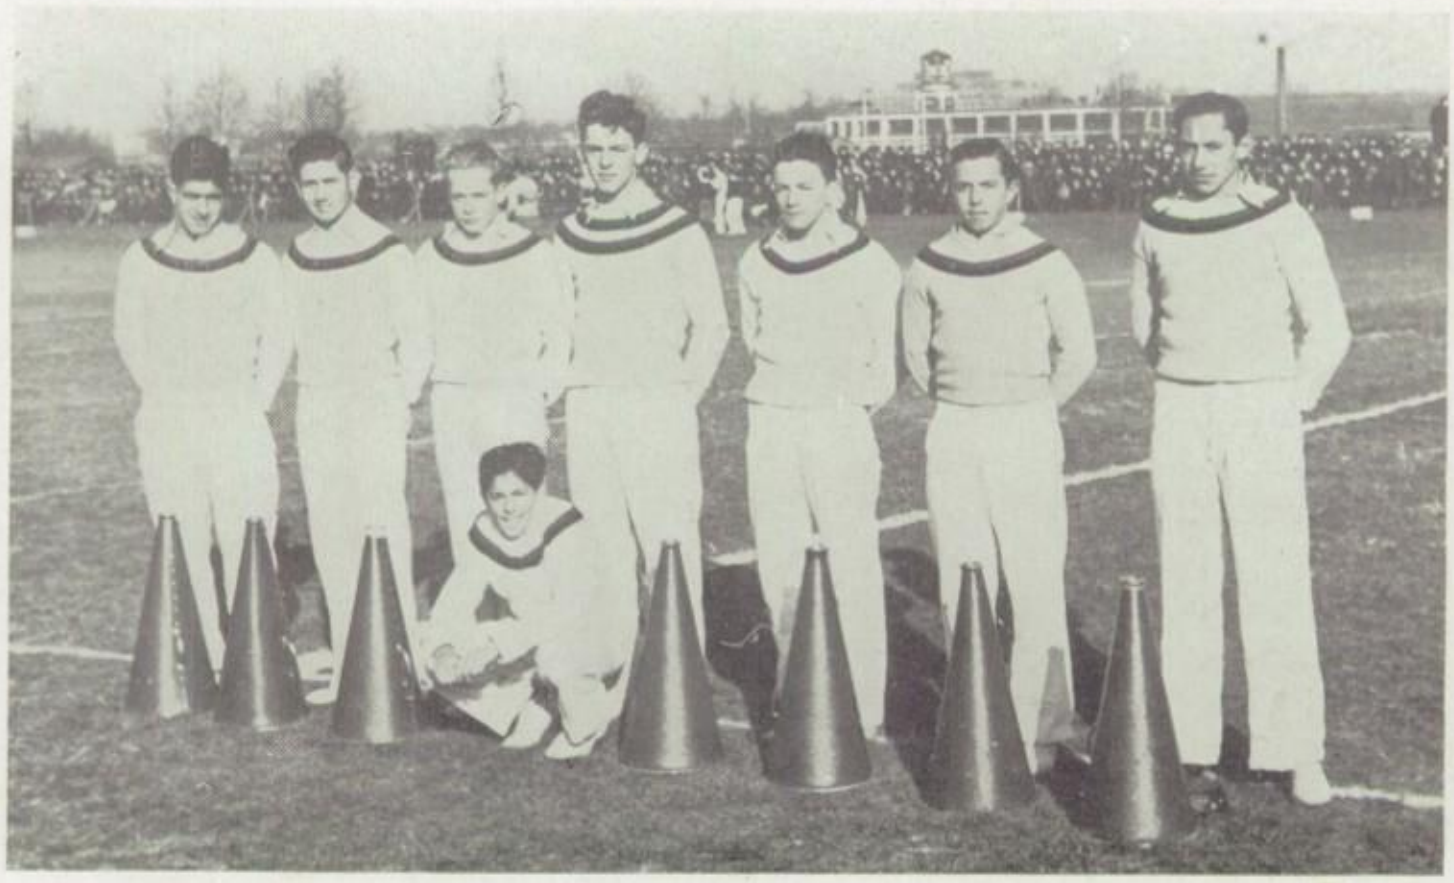
SCHOOL BAND

OUR CHEERLEADERS



ASSEMBLIES

ONE of the many unique distinctions of Northeast High School, is its wonderful assemblies. The purpose of these assemblies is to present to the students, those persons who have become successes in their several lines of endeavor, and by doing so, to inspire the students to similar achievements. The assembly programs have been graced, not only by prominent Philadelphians and Americans alone, but also by persons of international fame. The experience of listening to and seeing such contemporaries has been a privilege and inspiration to the entire student body. They have, by their speeches and renditions, opened our eyes to the success that may be achieved if we apply ourselves to our special talents and form an ambition within ourselves to emulate the great.

We have been honored by celebrities since 1905, when the present assembly system was adopted. Over six hundred guests have honored the school with their presence in the thirty-one years of assemblies. During our four years, the list of our delightful entertainers include the names of: Lawrence Tibbett, America's greatest dramatic singer; Nelson Eddy, Philadelphia's own contribution to the musical world; Sascha Jacobinoff, a vivacious personality who has thrilled us all with his rendition of "Ave Maria"; Madame Sigrid Onegin, world famous Danish soprano; John Charles Thomas, beloved American baritone; Lucreza Bori, Giovanni Martinelli, Dusolina Giannini, and Marion Anderson, all internationally famous opera stars, who have captivated us all with their musical renditions.

The widely divergent fields of worldly vocations have been represented by Count Eric von Luckner, German naval commander and adventurer; Albert Einstein, the world's foremost physicist; Frank Speaight, noted Dickens and Shakespearian actor; J. Edgar Hoover, head "G Man"; Dr. George E. Raiguel, noted lecturer, and voted the best speaker ever to come to Northeast; Captain Eddie Rickenbacker, best known of America's World War flying aces; Dr. William Lyon Phelps, noted literary critic and columnist; Peter Freuchen, the world's greatest authority on the Eskimo; the Reverend Ross Stover, famous author and pulpit orator; William A. Schnader, former Attorney General and prominent Philadelphian; Ian Hunter, well known English actor; and last but probably one of the most important was the short visit of Hirosi Saito, Japanese ambassador, who left a friendly feeling with everyone upon leaving.

In the athletic world Northeast has been especially favored by the visits of such sport luminaries as William "Big Bill" Tilden, greatest tennis star of all time; Barney Berlinger, winner of the Sullivan trophy symbolic of the outstanding athletic accomplishment in the United States; George Herman "Babe" Ruth, home-run king and beloved figure of the diamond; Gordon "Mickey" Cochrane, famous catcher and spark plug of the Detroit "Tigers"; Charles "Chuck" Klein; "Bill" Terry, "Lefty" Grove, and "Jimmy" Foxx, all of baseball fame; Harry Stuldreher, member of the famous "Four Horsemen" of Notre Dame and present football coach at Wisconsin University; and Gene Venzke, Penn's famous miler and holder of the world's record for the indoor 1500 meter run.

Morton J. Schwartz, noted publicity director, has said that, "Northeast's assemblies are the talk of the publicity and theatrical world, for your guests are the most prominent and successful people in the world."

DRAMATICS

NORTHEAST REVUE

IN MARCH, 1922, the Senate of the Northeast High School put it up to the Northeast boys to make the first Northeast Senate Revue a success. The posters then circulated substantiated a rumor that Northeast was about to embark on a yearly dramatic, or rather vaudeville, venture.

This was quite an innovation for the high schools of Philadelphia and the contagion spread from the students to their parents and friends, and the first Revue was a huge success.

The first few Revues were not directed as they are today, but each instructor who thought he had a good act would work it out, and then submit it to the Revue Committee. Yet it is quite evident that this material had to be co-ordinated, and this job fell to Mr. Weills, who has labored earnestly for Northeast as director of Revues and Senate Plays. Although Mr. Michener is no longer with us his name is worthy of mention. He was the original director of music and his retirement at the end of only four Revues filled all of the students with regret. This department has long since passed into the capable hands of Instructors Duffield and Washco.

Some of the original acts were the Floradora Sextette (now replaced by the Dionne Quintuplettes), Minstrels, and the Old School Comedy (both now extinct) and the dances and acrobatic performances which are still two important additions to our shows. There was that piece-de-resistance of comedy, the Two-Man Horse (one end never knew what the other was going to do or in which direction is was going to do it). If you can picture Mr. Terry (coach of our championship soccer teams), as a female impersonator, you have another of the acts. One spectacular act was the "Dancing Dolls" who were made up by one of the girls from Van Horn and Son, which company now supplies our costumes. It was a masterly job and one which should have earned her a berth on any of the Hollywood make-up staffs. Apropos of costumes, ours were loaned to us by the old Walnut Street Theatre. The latter was also the source of our scenery in the early plays.

It was only recently, that the stage obtained its banks of multi-colored lamps which enhance the scenery and make for such a colorful finale. One of the schemes for accomplishing this in times past was as follows. Near the end of each show, assistants would be sent up into the lofts, well armed with rolls of tinted tissue paper. When the performers were lined up on the stage, and the orchestra just finishing the final chords of the finale, these boys would shower the stage and barrage the audience with their multi-colored confetti.

SENATE PLAYS

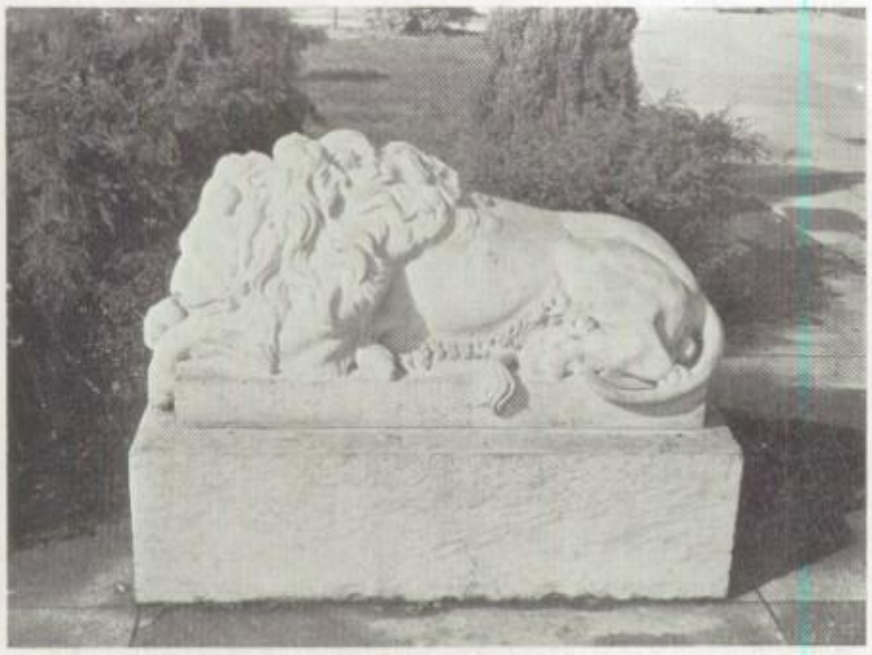
In 1925 it was thought advisable to give another presentation in the fall for the benefit of the graduating class of February. It was decided that the Revue had been too successful for duplication and that a wholly dramatic presentation in the form of a play should be given.

As both of these productions were then, as now, under the direction of Mr. Weills, it was to be expected that they should give each other a hard battle for first place in sales and popularity.

The first play, Captain Applejack, proved a great triumph, and then came in rapid succession many others, including two of Shakespeare's.

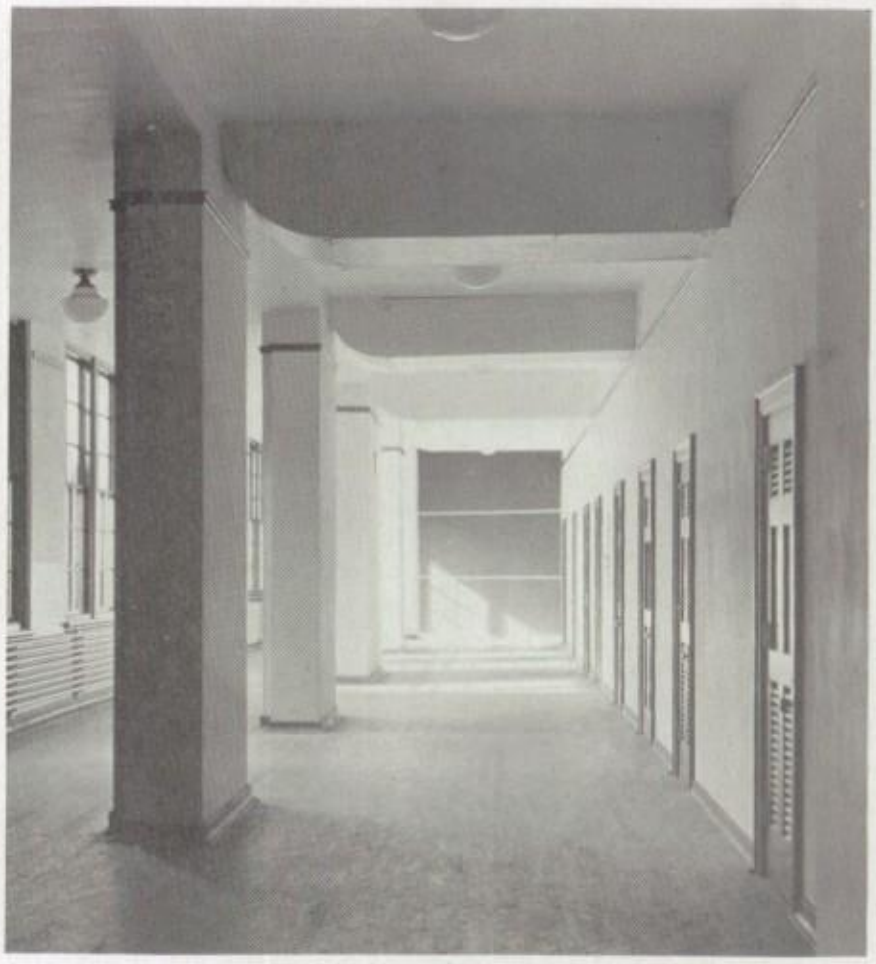
The Revues and the Senate Plays have given rise to two clubs concerned with the stage and its management. They are the Theatrical-Electric and the Stagecraft Clubs. The Sketch Club also assists through the painting of scenery.

Such talented artists as Samuel Batejan, Joseph Faraghan, Frank Helinek, and Theodore Ricker will be greatly missed by Mr. Weills.



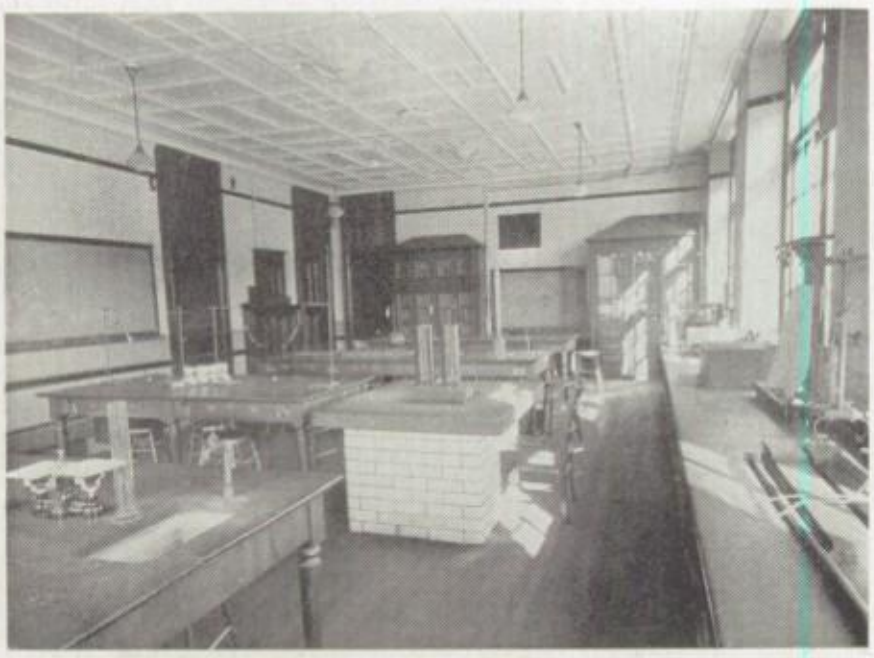
LION

Through freezing nights they keep their unblinking vigil! Under the blazing sun they stand their endless watch! 'Mid driving rain, snow, sleet, and hail they guard the portals of our school! But Leo I, with tail confides that Leo II, without, is very, very inefficient. In fact, says Leo I, he has been lying down on the job for thirty years now.



NEW SECOND FLOOR HALLWAY

In conjunction with the new building program, the first and second floor hallways were widened, and the shops made over into classrooms. The second floor hallway is the one place in the school where fellows can "cut" traffic to their hearts' content.



PHYSICS LAB

The bane of many, the delight of few; the Physics "lab" is dominated by Messrs. Young, Johnson, and Bradbury. Many "shocking" experiments are performed here to prove beyond a doubt that electricity is all that the "profs" say it is and that "every Englishman's house is his ohm!"

THE SCHOOL

TROPHY CASE

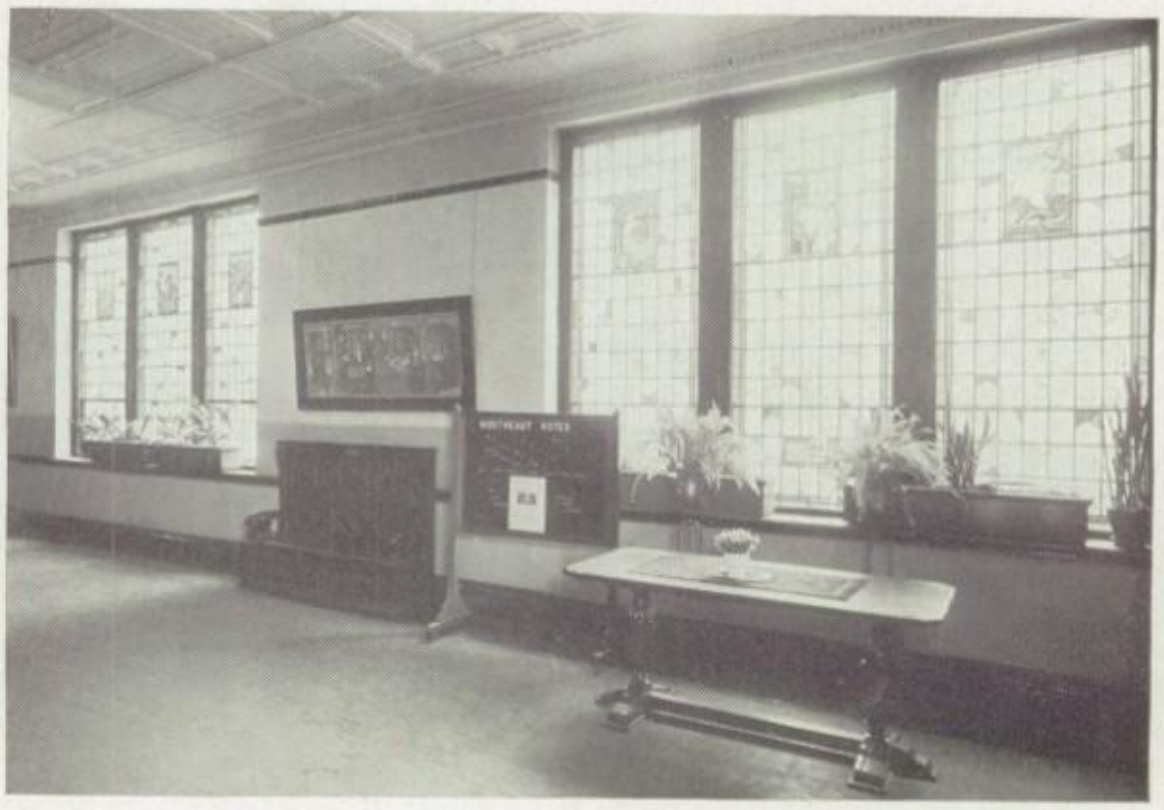
Within this oak and glass case are contained the thirty odd championship trophies accumulated by Northeast teams since 1914. It is said that on dark and moonless nights, the ghosts of the members of these teams unite once more to lament over the coming generation, which can win but five championships in one year.

MORRISON HALL

A part of the school of which all Northeasters are justly proud, Morrison Hall, with its fine organ and modern stage equipment, is looked upon with envy by many other schools. It is here that the famous Northeast assemblies are held, and many are the famous personages who have trod upon its spacious stage.

FRONT HALL

For many years our front hall was the favorite lounging place of seniors. But since our Traffic Squad has been "revised" under Mr. Doane, nary a student can be seen there between periods. Recent improvements to our front hall include the fine stained glass windows and a nice new coat of paint.



THE SENATE

WE HAVE just reason to be proud of our Senate, as it was the first democratic student-government body formed in any Philadelphia Public High School. Organized in 1905, it was a pioneer in the student participation in school government movement in the United States.

The object of the Senate is to provide a means by which the students can voice their opinions on matters of general student interest and control the legislation relative to their interests.

It consists of one Senator and one Alternate elected from each section and fifteen members of the faculty; of which five are elected by the student members of the Senate, five are elected by the faculty, and five are appointed by the Principal. The offices are held by both members of the Faculty and members of the student body. The offices of Chairman, Treasurer, and Auditor are held by faculty members, while students hold the offices of Vice-Chairman and Secretary.

A few of the recent Chairmen of the Senate have been: Mr. Michener, now Principal of the Harding Junior High School; Mr. Stevenson, head of our Mathematics Department; Mr. Krewson, head of the Mechanic Arts Department; Mr. Pennypacker, of the Mathematics Department; while the present chairman is Mr. Fitzgerald, popular English Professor.

The student Senators are chosen by their advisory group in February and September of each school year. Meetings are held three times each school term to meet the situations which arise. Regularly the meetings fall on the first, third, and fourth months of the school term, but special sessions may be called by the chairman.

All squads (traffic, lunchroom, garden, sanitation, and others), clubs, Senate Plays, school elections, Senate Awards, athletic activities and money necessary to carry on these activities are under the control of the Senate. One of the Senate's by-laws states that no club or student organization bearing the school's name shall be recognized unless chartered by the Senate. Through the Senate's sponsoring the Northeast Revue and Fall Play, the money received enables our athletic teams to have the advantage of the finest equipment of any Philadelphia Public High School.

Due to the initiative and foresight of our Director of Athletics, Mr. Brachhold, and the financial support of the Senate, Northeast Field has been equipped with the first amplifying system to be used by any Philadelphia High School.

The newly formed Student Tribunal shows Northeast again taking the lead in student government. Consisting of a faculty sponsor and seven members of the senior class, it has the power to punish violators of regulations under the jurisdiction of the Senate. It can remove any offender from any club, squad, team or any other organization sponsored by the school for a satisfactory reason and with the approval of the faculty sponsor. The main point in view when organizing it was to invest the judicial power of the Senate in the hands of the student members. In so doing it has greatly increased the power of the student body in Senatorial affairs. The senior members of the tribunal were Samuel Mann, Chief Justice, Wilbert West, and Allan Sampson, while Mr. Doane supervised the experiment.

Through the Senate, the students have their representation in school affairs. They are guided by the older and more experienced minds of the faculty advisers. This combination of zealous youth and experienced age has been the keynote of the success of the Northeast Senate, which for over thirty years has capably guided our student affairs.

SENATE AWARDS

TWICE each year the Senate of Northeast High School tenders the much honored Senate Awards to those students who "by their personal influence, character, and individual achievement have made a distinct contribution to the student life and welfare of Northeast High School." These coveted awards have been presented to students for over a decade. Previous to 1936, only fifteen awards were given to the entire student body. However, due to the great increase in its size, a proportionate increase was made in the distribution of Senate Awards. The Senate passed a bill allotting one award to every two hundred students.

Candidates for Senate Awards may be nominated on a blank, filled out by either students or members of the faculty. Activity is the keynote for obtaining this honor. A point system enables the awards to be given without favoritism. That is, candidates receive a certain number of points for holding particular offices, or participating in other activities, the point being alloted in proportion to the relative importance of the work done. If the total number of points equals a specified number, the candidate receives a First Award. In like manner the highly honored Second Award is given to those students of only the highest caliber.

It is only fitting and proper that documents of this sort be awarded as a recognition of merit, thus fostering leadership and other desirable qualities. Just as an NE denotes outstanding ability in athletics, the Senate Award recognizes leadership in the other fields of student activities.

The reception of Senate Awards is not limited to the student body. Special Senate Awards may be made to outsiders of merit and distinction and many have been presented to famous personages in all walks of life. A great number have been presented to the guests of our famous assemblies. Miss Dusolina Giannini, opera star; Captain C. W. R. Knight, famed ornithologist; Sir Willmott Lewis, British correspondent; and Gene Venzke, Penn's famous miler; are just a few of the celebrities who have been honored with Northeast Senate Awards.

To receive a Senate Award denotes a successful school career. But it is more than that. It is an omen which foretells of future achievements. The select few who do receive this cherished recognition are usually those who contain in themselves the necessary intelligence and ambition to mold themselves into respected and indispensable citizens, and worthy members of the alumni of our great institution.

Those members of the class of January '37, who through demonstrating excellent qualities of scholarship, activity, and leadership, received Northeast Senate Awards are:

MEGAPHONE STAFF

FIRST published in October, 1922, as a mimeographed sheet, "Ye Olde Dumbell," the "Megaphone" has progressed with meteoric strides, until it has attained its present status, an eight page, five column, fortnightly newspaper. It was in February, 1936, that the "Megaphone" had its form changed from a very large and unwieldy journal, to a compact paper crammed full of Northeast news.

Of course, in its colorful history the "Megaphone" has won many distinguishing honors at the various scholastic press conferences. Undoubtedly the most notable of these was the winning of the Columbia Scholastic Press Conference Awards for 1929, '30, and '31. For taking first prize in the Columbia competition, the "Megaphone" received a beautiful plaque, symbolic of top honors. By winning this plaque the "Megaphone" achieved the pinnacle of high school newspaper success. But this was not the end, for in January, 1936, the "Megaphone" added another prize to its already extensive collection, by emerging victorious at the Lehigh Press Convention. In taking this blue ribbon our paper was in competition with representatives from six states, proving the "Megaphone's" superiority in this section of the country. The "Megaphone" also tied for first honors at a recent press conference held in Hershey, Pa., at which individual work was recognized, such as humor, cartoons, editorials, and other phases of news reporting.

The Editor-in-chief of this prize-winning periodical is Charles Elfont, a member of the "B" class. He worked his way upward through the ranks and became one of the few junior class editors. Although the Editor-in-chief is not a member of the class of January, '37, a few other important members of the staff are.

At the influential post of Business Manager we find John McCaughey, well known member of the class; Samuel Mann, Honor Man and most active in school activities, holds down the post of Advertising Manager; as Senior Class Editor, Frank Helinek, with all his other activities, maintained his post.

A great deal of the success of the "Megaphone" is due to the untiring zeal of the faculty advisers, Messrs. Vincent B. Brecht and John C. Cunningham. Mr. Brecht acts as editorial adviser, while Mr. Cunningham takes care of publicity and financial affairs.

The "Megaphone" plays an important role in the scheme of things at Northeast. Besides offering the students a cheap source of current news and sports data, the "Megaphone" is a powerful financial aid. In 1935 it contributed nine hundred dollars to the grandstand fund. A success since its formation, the "Megaphone" deserves the admiration and support of every loyal Northeaster.

ACKNOWLEDGMENT

THE strenuous work on the "Archive" has been completed and at last I find time to sit once more in an easy chair and reminisce. Many pictures of bygone events and personalities enter my chain of thoughts; most of them, however, are connected with this Record Book.

I wish to take this idle moment to express my grateful thanks to those who have made this book a success, for without them it would never have been possible. Although I am the Editor, it is your fellow classmates who did the honest labor. I hope that you will appreciate the sacrifices made by those boys and that when you read this book, you will enjoy every page of it and feel that the "Archive" Staff did not work in vain but honestly accomplished something.

I do not like to mention personal names, because the endeavors to create a book worthy of our class have reached far, and so to mention some few names I would slight or forget others who have worked equally hard. However, I extend my sincere and earnest appreciation to Mr. Randolph Abbot and Louis Rabben, who made some snapshots for this book, to Zamsky Studios for their fine photography and untiring aid, to Lyon & Armor Printing Company, and Phototype Engraving Company, and to Mr. Wildemore, to whom we all owe a vote of heartfelt thanks.

So it is a fond but regretful farewell that I bid to this school and to the fellows with whom I have had an intimate friendship while working on this book.

THE EDITOR.

Clubs

HI-Y

Undoubtedly, the Hi-Y is Northeast's distinguished Honorary Society, being one of ten thousand such clubs in the United States. It is composed of boys selected for their character, school activities, and sociability. Club meetings are held every other Friday evening at the Y. M. C. A. A regular planned program is utilized, combining interesting discussions on current topics and a social each month. The socials are staged either privately or with numerous Hi-Y organizations throughout the city. The President is Samuel Mann, Vice-President, Allen Sampson. Other "A" Class fellows include Walter Rodgers, past president of the club, and Joseph Faraghan.

BIBLE STUDY CLUB

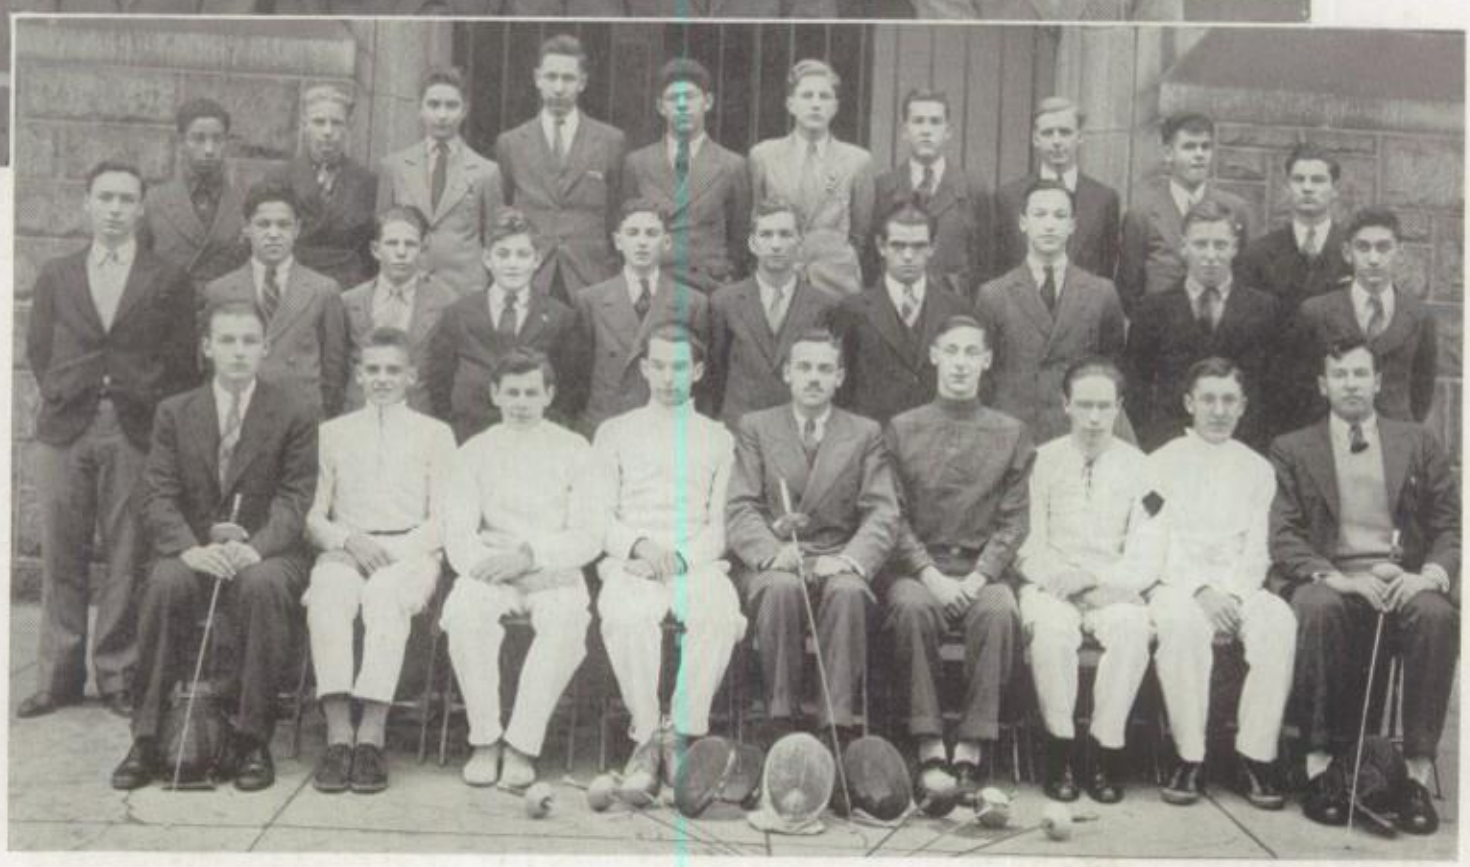
While most of the pursuits followed at Northeast contribute to the intellectual, social and physical development of the student, the Bible Study Club enables him to receive spiritual education in school surroundings. With Mr. Rhoads as leader, the club, comprised of two chapters, meets every Friday. Its endeavor is not confined to the meetings or to the boys who are already members. It seeks new members, especially among those who have neglected their spiritual training, and conducts a campaign against vices which tempt boys of high school age. This organization must be commended for its work, as it has performed a great service for Northeast.

THE GARDEN CLUB

Real Northeast Spirit has led the Garden Club, organized by Mr. Lapp in 1931, to make Northeast and its surroundings more beautiful. They overcame the great difficulty of clay soil and have planted velvet green grass and beautiful shrubbery. These boys have taken a real interest in their work and have accomplished it nobly. Each Wednesday meetings are held during fifth period for the purpose of discussing various problems and learning the basic principles of gardening and plant life. Officers include Gomar Morgan, President, Samuel Mann, Secretary, Allen Sampson, Treasurer, and Alfred Boileau, Librarian. Each term the Garden Club does deeds of service to our school.

TRAFFIC SQUAD CAPTAINS

A definite part of Northeast are the Traffic Squad Captains who guide more than one hundred boys in keeping law and order. Their task comprises that of seeing that ordinances are kept and that all members keep their stations in the halls clear. The squad was organized several years ago by Mr. Landis. Today it is sponsored by Mr. Hallam and Mr. Doane. The captains this year include Wilbur West, John Nolan, Charles Harris, and William Woehr. The traffic squad must be commended on the splendid work it has performed for our school.



HONORARY DRAMATIC SOCIETY

The Northeast Honorary Dramatic Society was founded with the first famous Revue in 1922. It has achieved great success in bettering our Revues. The club did not attempt any plays until 1925, but since then has presented a Revue each spring and a Play each fall. After each production, the boys gather at the home of Mr. Weills and they are presented with pins for their deeds of service. Many boys such as Joseph Faraghan, President, Samuel Batejan, Secretary, Walter Bronstein, and Theodore Ricker, are veterans in our annual presentations. They will have their final curtain calls in Northeast this Fall.

THE FENCING CLUB

With a rapid growth, the Northeast Fencing Club, only four years old, has contributed a Fencing Championship to Northeast High School. Under the leadership of Mr. Bradbury, these boys have become very skillful. He aims to give all those interested a solid foundation for further triumph. Mr. Bradbury's own equipment was first used, but now each member is fully equipped. Through his efforts, a league consisting of Northeast, Southern, and Central High Schools has been formed. Harry Gonzales is President this term. Thus the club faces broad fields of accomplishment for Northeast.

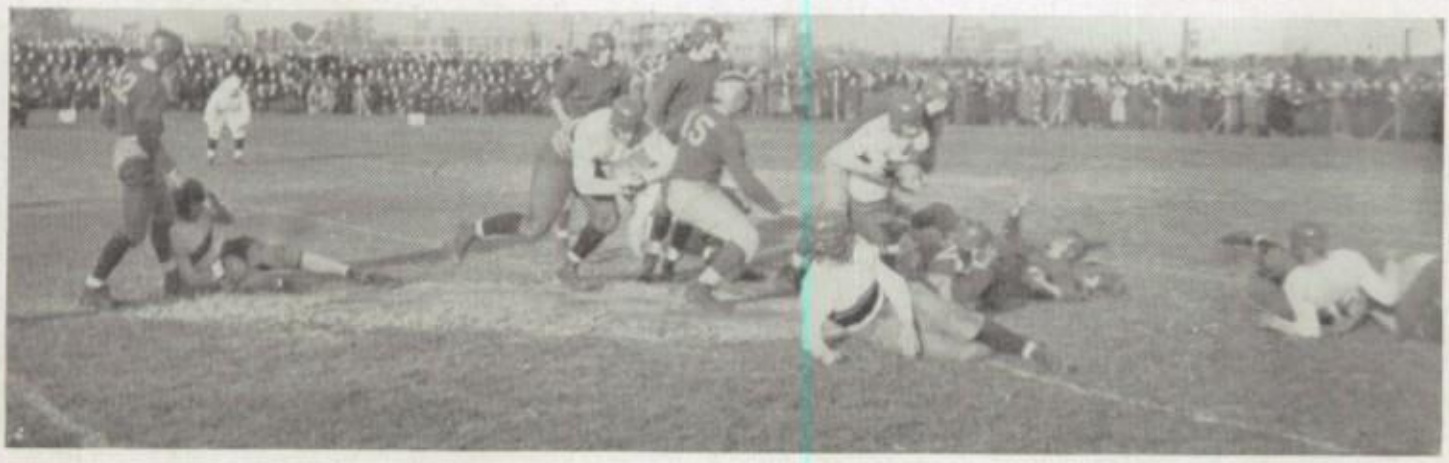
HOUSE OF REPRESENTATIVES

A counterpart of the House of Representatives of the United States is found in this Northeast Club. Every Tuesday an interested group of students meets, under the sponsorship of Mr. Rhoads, to discuss questions of political, local, and legislative importance. As in our national legislative body, the student group has a Speaker, a Clerk, and a Chaplain, while the representatives are divided into parties according to their political leanings. Committees are appointed and various bills proposed, debated upon, and passed or rejected. In a broader sense, the club is instrumental in promoting that toward which our entire education is directed, good citizenship.

THE ENGINEERING CLUB

Perhaps the most unique club in Northeast is the Engineering Club, which has progressed under guidance of Mr. C. E. Shaw for thirty years. The novelty is that no meetings are held. All meetings are in form of trips to various industrial plants throughout the city, such as Kopper's Koke, Burk's Meat Packing Plant, and the Delaware River Bridge. Thus, the club is enabled to educate its members in all phases of engineering by actual contact. Only "A" or "B" class members may belong. The officers this term are Gomar Morgan, President, and Henry Roberts, Vice-President. This club combines the interesting with the educational, using actual illustrations.

Sports



FOOTBALL

LABELED Northeast's "mighty midgets" at the season's opening, we had probably the smallest and most inexperienced team in the league. However, with a spirit not often seen in any team, our boys determined not to be the league door-mat, and in this determination they were successful.

Opening against a strong Olney team, in a non-league fray, we lost by a 12-0 score but the tiny line looked very good, both scores being made through the air. Against West Philadelphia, pre-season championship favorites, our aggregation well earned a 6-6 tie. Southern was met with the final outcome a repetition of the West Philly tiff.

Traveling to Jenkintown we encountered an undefeated Cheltenham eleven and lost a heartbreaker, 7-6. Peak form was reached against Germantown, with the Archives winning 12-0. After a scoreless first half with the much favored Pioneer gridders, Frankford eked out a 6-0 victory. In the battle with Gratz, a safety was the margin of victory. Score 8-6.

Pointed for the Central game, a fighting team, outplayed the Mirrors during the first half, but neither team could score. In the third period, however, Central, with some breaks and heads up playing, made three touchdowns. Some consolation was gained in Nick Dennis' pass interception and 90 yard run to make the final score 22-6. Our class was fully represented with Schatz, Stein, and Clark in the backfield, and Cloak, Tees, Larin, Vandegrift and Gondek on the line.

CROSS-COUNTRY

WHEN the call for cross-country candidates was sounded again, a promising season appeared in store for Coach Owen's boys. The Red and Black harriers started the season right by taking an always powerful Central team into camp. Then followed two triangular meet conquests over South Philly and Germantown, and Olney and Gratz. In the last meet of the season, our only setback was suffered at the hands of Overbrook. This was no disgrace, though, as Overbrook had a team this year that would do credit to many colleges.

The Archives looked forward to giving Overbrook some keen competition in the Championships, but the warm-up season was an accurate forecaster of the outcome. On the Canoe Club Course in Fairmount Park the Northeasters, giving their all, placed a close second to Overbrook.

Bill Fowler is a fellow graduate of whom we can well be proud, as he placed first for Northeast a number of times, including the Championships, when he was among the very first to finish. Other members of the 69th graduating class who deserve recognition are Marty Arost, Harold Notwick,and Bob Ressner.

SOCCER

ONCE again Northeast has completed a brilliant soccer season, and for the twelfth consecutive year has won the championship, thus making a World Record for teams of its class. We opened our season by defeating West Philly 6-1. Keeping up the good old Northeast style they beat Overbrook 7-1, Central 7-0, and finally ended by trimming Germantown 5-0.

With Perry Bross as its captain the team came through and tied the league record for scoring which was made by the 1935 team of 32 goals, also, fewer goals were recorded against us.

The Championship team built around Appleton, Clark, Partridge, Redeyoff, Reteneller, and Smith, all of the January '37 class, had the distinction of being the only team in four years to go through the season without a tie.

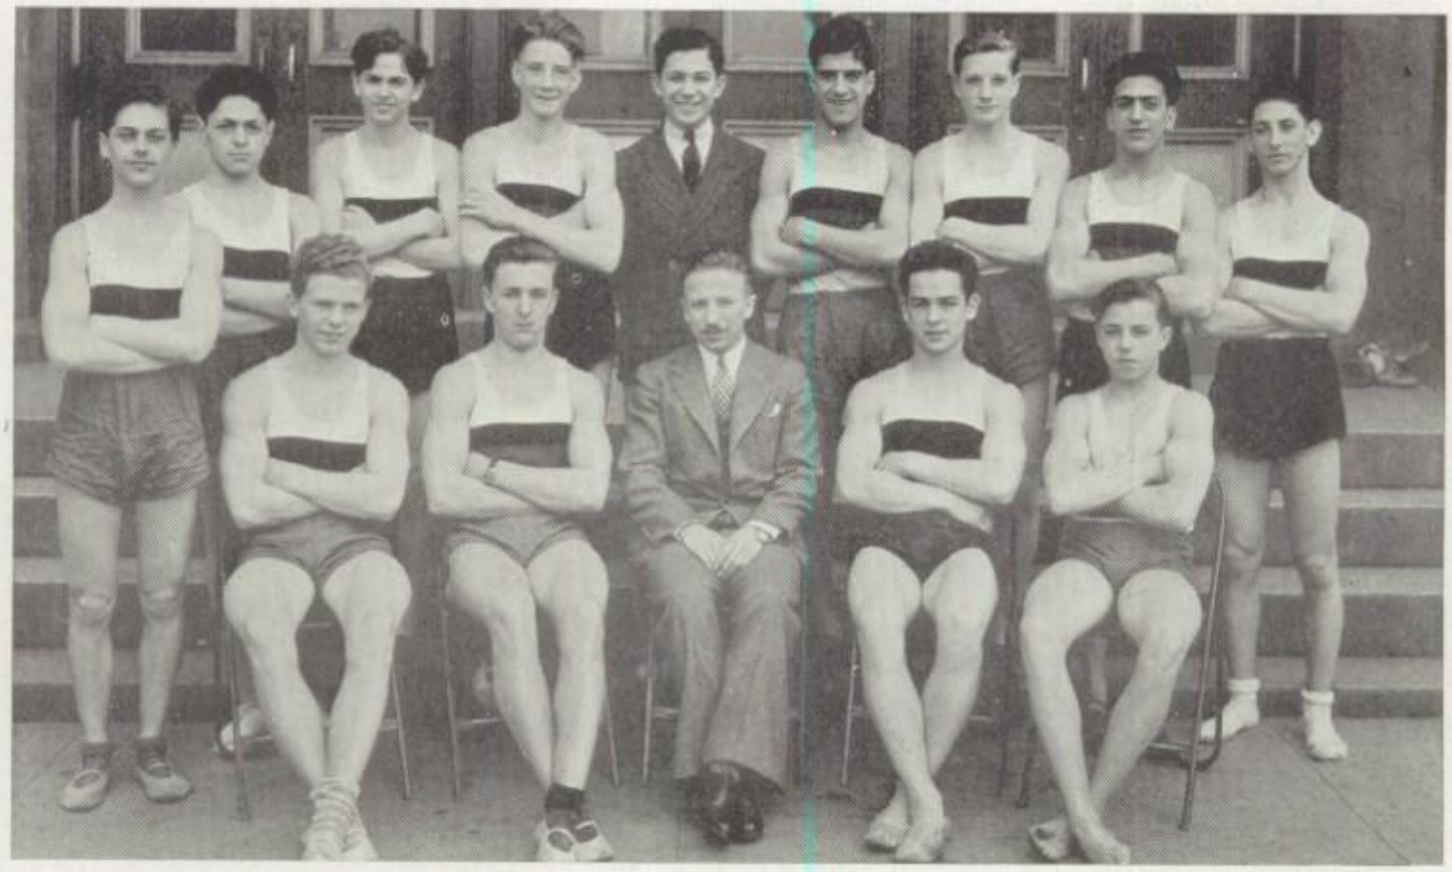
The combined skill of the players, their captain, Perry, and the experience of Coach Terry was responsible for our amazing record. We have been winning the Championship for so long that it has become a foregone conclusion. Of course, the one man to be praised for these showings of our soccer team is Coach Terry.

The Class of January '37 may point with pride to the scintillating playing of their classmates.

SWIMMING

A WILD DASH was made and a championship would have been surely carried off by Northeast in last year's swimming race, but lo! hard luck joined up with the Northeast swimming team and disabled several stars who had been counted on to tally many points for the school. Their spirit, although weakened, did not keep the boys from winning the diving championship, an honor to be bestowed on Ken Michener. Several of the swimmers made headlines during last season, Tichy, being one of the fastest sprint men in the league, and Bill Rodgers being a consistent 220 winner. Although placing only third in last year's championships, Northeast sees new hope in the return of one of her disabled swimmers, Captain Bud Peck, of our senior class, who will aid Rodgers in the 220. Peck, alone, gives our class plenty of representation on the team, but we also have Boileau, a breast stroke swimmer, graduating with us.

The season looks like a sure championship one. Most of the old team is back, everyone is in best shape. Records are going to be shattered, mostly by NE.



GYMNASTICS

FOLLOWING in the footsteps of their championship brother athletes, the Northeast Gym team of 1936 raised the curtain on a fine 1936 season by defeating Southern in the playoff.

Only two lettermen and a last place second team remained from the previous year upon which Coach Nelson could build his team. At the beginning of the season, Southern was picked to dethrone Olney, the defending champs, while the Archives were favored no better than fourth place.

Our gymsters enjoyed a very successful season in the dual and triangular meets by defeating Central, Germantown, Gratz, Overbrook, West Philly, and Southern in great style. The first tough break occurred in the championships. Vernon De Souza, one of the bulwarks of the tumblers, was forced out of competition by an injured wrist, and the Northeasters were nosed out by Southern; and finally, on account of the point system, a playoff between the two teams was necessary.

In this crucial test, the Archives, led by Charles Houston, showed their superiority by defeating the Southerners. A great deal of the season's success was due to the friendly competition among Vernon De Souza, Captain John McLaughlin and Charles Houston for high scoring honors, McLaughlin being a fellow class member. Andrew Grandy and David Leace of the "A" class, also helped a great deal in bringing the gym crown back to Northeast.

BASKETBALL

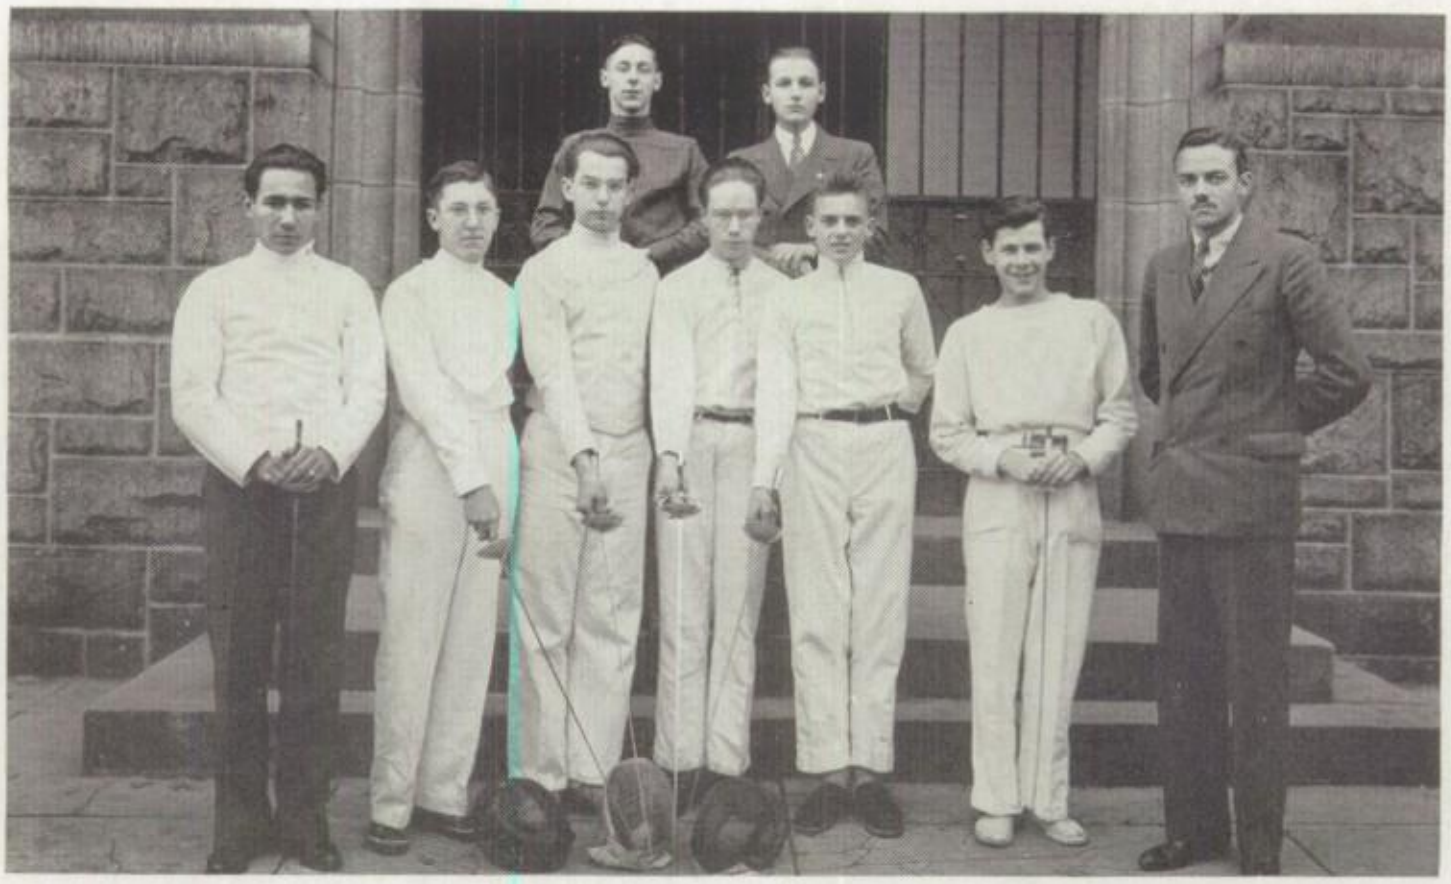
THE basketball team has high hopes of winning the coming Public High Race. Captain Bill McKnight, Bob McDonnell, Hal Stillings, and Perry Bross, all the regulars last year, will again represent the Northeast aggregation. With a great second team to supply reserve material and fill the vacant regular berth the team looks like the greatest since 1932-33.

Last year's record, pretty good for a young team greatly handicapped by size, saw Coach Wooley's squad land 5th position in the Public High Loop, losing but two games. It wasn't until after three drubbings at the hands of Haverford, West Catholic, and Central that the Northeasters registered their first victory, that over Frankford, 19-15. This was followed by a closely contested fray at Germantown which saw the Archives lose in a heart-breaking fashion.

Doubtless, the most thrilling game of all, was that against West Philly. It wasn't until the final minute of play that the much favored West Philadelphia team copped the contest, 34-32. In much the same way defeat was tasted at the hands of Southern and Overbrook.

In the latter part of the season this young inexperienced team began to "click" and turned in victories over Olney, Gratz, and Roxborough.

The class of January '37 gave the services of Frankie Holmes to the team with Ray Matthews as an able manager.



FENCING

THE newly formed fencing league, composed of teams from Northeast, Central, and Southern, found Northeast its first champion, adding to the string of championships won in the 1935-36 season. Under the able guidance of Coach Bradbury the fencers won three of four matches in a sport unknown in Public High Schools four or five years ago. In the league opener, our only defeat was administered at the hands of Central. Against Southern, considered stronger than Central, the score indicated that we were the victor. In the second meeting with Central, their previous victory was proved to be a fluke, as the Northeast sword-wielders turned the tables decisively. In a journey to the downtown institution, Southern was again overcome and the championship was ours. The 69th graduating class can be proud of our representative on the team of six, Harry Gonzales, for his outstanding work in the championships alone, notwithstanding his consistent work throughout the season. Others on the team were Gooch, Kahlenberg, and Huber, already graduated, and Mayer and Kahlenberg, Gooch and Mayer shone during the season.

It is Coach Bradbury's earnest hope that more high schools will become interested enough in fencing to form teams and thus broaden the scope of the league and bring it to the fore as a sport.

BASEBALL

WITH Bob Vickery as the mainstay of the Archive mound staff, the Red and Black nine ended the 1936 season in a tie for second place.

Coach Engel's boys were weak at bat but they more than made up for it with a fighting spirit on the field.

The Archives opened the season successfully by easily trouncing several teams before the league season opened. They then took Olney over the hurdles to the tune of 3 to 1. The first defeat suffered was at the hands of the Southern High nine, who beat our boys by the narrow margin of one run. On the rebound the Northeast team took the West Philadelphia Speedboys into camp 10 to 1. Roxborough was beaten by a score of 3 to 2 and Frankford was whitewashed 3 to 0. The Gratz Bulldog was beaten 6 to 3, but the Overbrook Hilltoppers defeated us 5 to 2. Then followed a victory over Germantown and finally our arch rival, Central, was thoroughly trimmed.

Our classmates who played first team baseball were Bob Partridge and Howell Evans. Bob played a fine brand of ball around the keystone sack, while Evans was a pitcher. Partridge played three years in school team competition and aided the Red and Black no little by his pep and vigor while on the field.

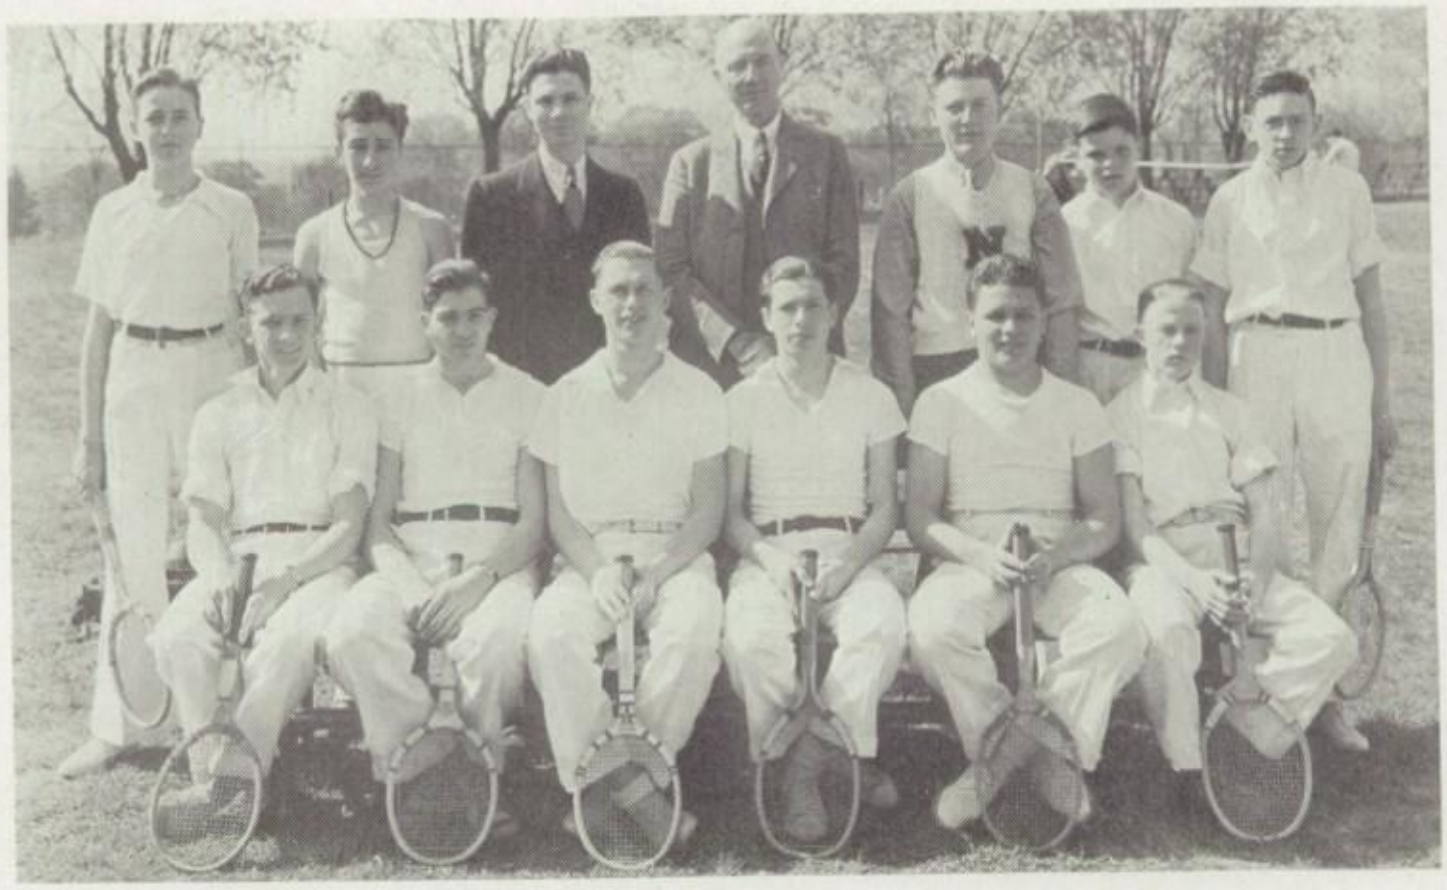
Walt Rodgers, another classmate, managed the team in 1935 and Cohen in 1936.

TRACK

THE Red and Black color-bearers enjoyed a fairly successful season on the cinder path and in the field. In two pre-league season meets the Archive team easily vanquished Haverford School and St. Joseph's. A very tightly contested meet found Northeast nosed out by a strong West Catholic aggregation, National Catholic Champions in 1935. Unfortunately our first league encounter was against two of the strongest teams in competition, Overbrook and Central, and we finished a close third. After this, the going was fairly easy, with Northeast smoothly downing the rest of its league foes.

What might well be termed the high spot of the 1935 campaign was the setting of a new scoring record in a triangular meet. This happened against Gratz and Olney when "our gang" piled up 109½ points out of a possible 165. In the championships, while placing third, two Northeast stalwarts, Jack Stein and Hal Stillings, garnered championships in the shot put and the 220 yard dash respectively.

Those in our class aiding the team were Bob Nolan, shot putter, Raymond Pleis, broad jumper, and Martin Arost and Ray Chambers, half milers.



TENNIS

THE 1936 Tennis squad showed the fans how a team could play in the face of overwhelming odds. The season of 1937, however, promises to be a more successful one for the racqueteers.

Captain Leo Knable, of the class of June, 1936, ably filled the first singles position. A newcomer, Mike Lieberman, was impressive in his matches as the other singles player. One of our classmates, namely, Neprash, was on our doubles team, and displayed a fine brand of tennis in all his matches. Jack Laverty, also of our class, played third position singles.

The first match of the season was with Central. The Mirrors were victorious, but the bearers of the Red and Black went down fighting, with Lieberman putting up a stubborn defense before finally submitting.

In spite of defeat, Northeast returned the following weeks, playing good tennis against teams from Overbrook, West Philly, Gratz, Germantown, and Olney. Although they were not very successful, the Archives displayed an admirable fighting spirit throughout the campaign.

The team was ably managed by George Bates, of our class.

FAMOUS FACULTY PHILOSOPHIES

Mr. Phillips: Now take Henry Ford for instance. Axe, if you please.

Dr. Rowland: Good morning, boys.

Mr. Stevenson: Trying to confuse me, aren't you?

Dr. Parker: Wake up that boy back there.

Mr. Rhoads: Rise and state your defense; no defense? Zero.

Mr. Fee: All right boys, pipe down now.

Mr. Zimmerman: Not so good today, too bad to spoil a ten with a zero.

Mr. Fitzgerald: Will some boy with an altruistic spirit please close the door?

Mr. Yahn: As soon as I come into the room all talking stops, of course.

Mr. Wildemore: Has anyone seen my keys? Oh, here they are on the desk.

Mr. Young: Well, if you don't pass this term, you'll pass the next, or the next.

Mr. Malloy: Let me tell you something, fellows.

SCINTILLATING STUDENTS SAY:

Ricker: A girl on the lap is worth two on the mind.

Berkowitz (in Mr. Phillips' room): What, another test?

Cherry: Hey, do you know what the answer to my question is?

McCaughey: Where did you get that good-looking girl, Peck; did you meet her at the prom?

Knauss (yawning): I'm sorry, Mr. Zimmerman, but I can't translate any farther.

PETTY PERSONAL PROPHESIES

In fifteen years from now we expect to see—

Laverty having two dates in one night.

McCaughey with "cigarette nerves."

Partridge a Rear Admiral without a wife in every port.

Sampson a hen-pecked husband with sextuplets on his hands.

Batejan with a sore tongue (but a good worker nevertheless).

Ricker the Chief Electrician at Minsky's.

Faraghan an ace announcer.

Bates bringing a sick cow around to good health again.

Bronstein swinging it in Hawaii.

Rodgers prospecting for gold, but not making out so well.
